# LEGEND OF SOURCE CLASSIFICATIONS

For your convenience, we have classified the sources in retailers, market places and price comparison sites. Some sources belong to more than one class.

<b>Classification</b>	<b>Description</b>
C	Comparison site - Sends traffic to multiple retail websites.
M	Market place - Goods can be bought from multiple retailers.
R	Retailer - Directly sells goods.

# LEGEND OF KEYS

Different sources support different types of search. We call the thing you search by the "key." This document contains an overview of which key you can use on which source. The following table explains what each key means.

<b>Key</b>	<b>Description</b>
ASIN	Amazon Standard Identification Number - the unique product identifier issued by Amazon
GTIN	The GTIN, EAN, UPC, or JAN that is often represented by the barcode printed on product packaging
Identifier	The identifier issued by the respective source - For Amazon and products, this is the ASIN.
MPN	Manufacturer Part Number
PZN	Central pharmacy number (Pharmaziezentralnummer) used in Germany
Search Term	A search term like "iphone 6 purple 32GB"
