Version History Is Here for Jamboard!

You can now view the entire version history on Jamboard by clicking the three dots menu in an open Jamboard and selecting "See version history."

Google Jamboard Templates

No need to start from scratch in Jamboard. In this week's EdTech quick tip, I show you where to find these templates and how to add them to your Jamboard collection.

Google Jamboard Crash Course

A new Crash Course is now available exclusively on EdTech Academy! Jamboard is Google for Education's digital whiteboard that offers a rich collaborative experience for teams and classrooms. As with the other Crash Course offerings, you can earn a digital credential for completing this course which you could submit for professional development points.

ON-BOARDING

Free EdTech Academy On-Boarding

If your staff has even just 10-15 minutes, I would be more than happy to provide a free Zoom session where I can cover how to sign up for an account, log-in, answer any questions folks might have, and take advantage of all of the resources that are available on EdTech Academy.

Contact me to schedule your session anytime!
