INSTALL SELECTED

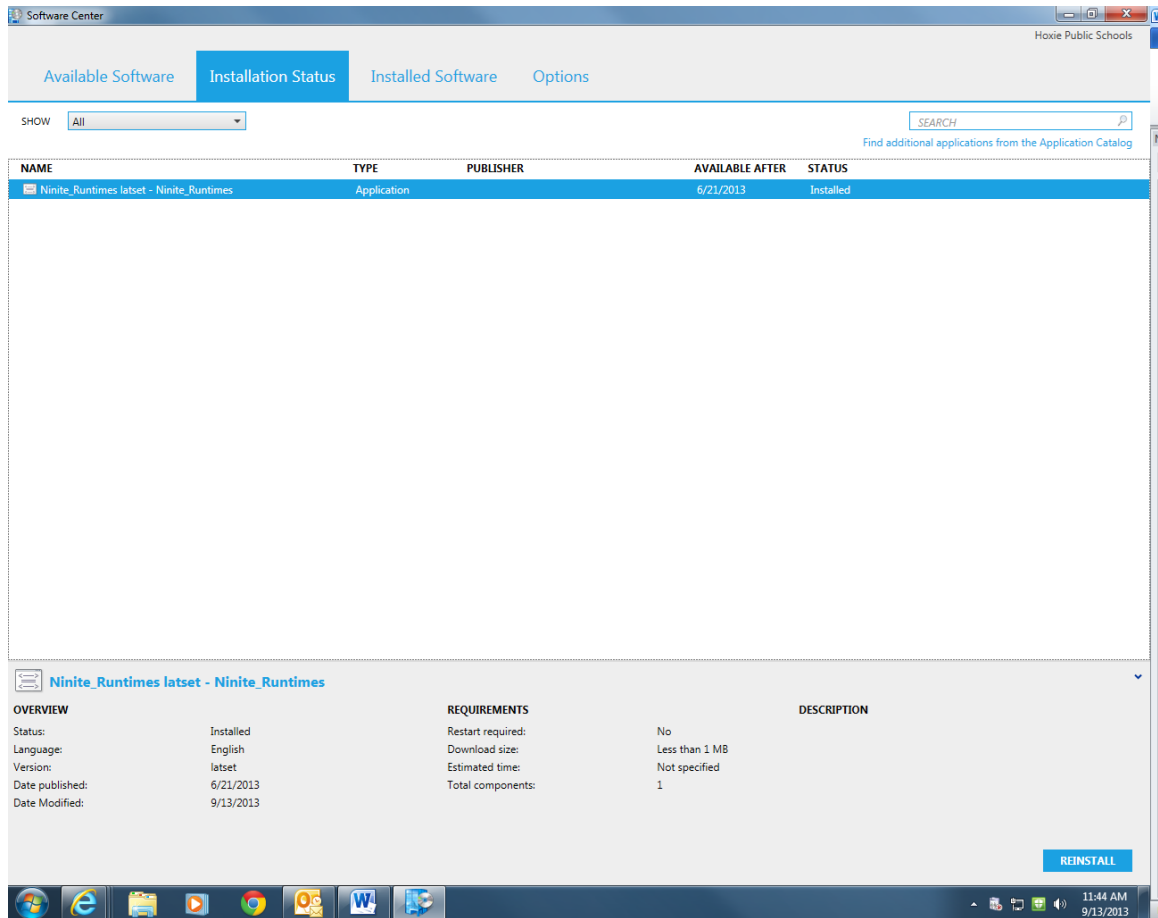

3.1 Once you hit install you will see a downloading screen

3.2 After the program is downloaded, it will install just like it would on your home computer.

4.1 Once the app is installed you may need to restart your computer.

It is ok if it says the app failed. This may happen from time to time. You can [all](#) reinstall apps if needed. If you would like to see addition apps please submit a tech request.

Thanks,

DP
