

Submitting an Assignment with Turn It In

- 1) Open the Turn It In assignment on your Moodle course page.
- 2) You will be brought to your summary page for the assignment. You need to select "Submit Paper" to turn in your work. You also have the ability to expand the description of the dropbox. When you have a red negative sign, the description is displayed. When you have a green positive sign, the description is hidden.

Summary:

Submit your completed project paper here by July 24. Try to get your Turnitin score as low as possible. The original papers I see have a single-digit score. So you can view your Turnitin score and then overwrite or replace your paper after you make changes to it.

If you overwrite your paper try to do it before the due date. I will only grade the last submission so be careful of the due date and loss of points after the due date.

 Submit Paper

- 3) Next you will provide a title for your submission and attach the file. You are able to browse for the file through the file picker or simply drag-n-drop. Once you have loaded the file, select "add submission." Your assignment has now been uploaded to the class.
