PROFILE SIGNATURE CAPTURE PAGE

To digitally sign documents within ApRecs, you must add an electronic copy of your signature. To add your signature to your profile (and/or to the licensed applicator's profile) you will need an image of the signature.

We suggest using a clean, white piece of paper. If you are comfortable taking a photo or scanning your signature, you are welcome to do so. Or, you may use the form below and we will upload it for you.

Please sign your name using a black or dark blue pen inside the box below.

Stay Inside The Lines ☺

By signing above, I authorize ApRecs to upload this signature into my profile as indicated. I understand this image will not be used for any other purpose and that I can remove it from the system at any time at my discretion.
