Quote and Contract Management

From the moment the customer talks to the business to a signed quote than a signed contract to renewal time, all that information tracked in MossPaper to provide total visibility.

Data Analytics

View Dashboards and pre-built reports for contracts and quotes to view status, track the progress of a quote or contract, and have visibility into your pipeline.

Tracking Statuses

MossPaper enables you to see the status of your quotes and contract based on where it is in the customer sales cycle. Provides real-time statuses of a quote sent to customer as well as send you weekly reminders.

Customer Information At A Glance

Customer quotes and contracts are all available at a glance with a customer value summary which provides you an overview of this customer's purchases year after year.

E- Signature Audit Management

MossPaper logs in all customer and user activities within a quote. From the moment a customer views a quote to when they sign it, the history is tracked and stored for your reference.

Reporting

Have better visibility into customer buying patterns, sales pipeline of new and existing customers as well as understand who your customers are. Simply export information from the Summary tables.
