Coach Knowledge Assessment

The Coach Knowledge Assessment (CKA) content covers five broad domains: setting the foundation, co-creating the relationship, communicating effectively, facilitating learning and results, and coaching foundations and knowledge base. All questions are based on the ICF definition of coaching, Core Competencies and Code of Ethics. Questions' difficulty levels vary, with some intended to assess awareness of a concept or skill while others may present a scenario that requires deeper understanding. The CKA contains 155 multiple-choice test items. Each test item contains a short statement or question with four possible responses. For each question there is only one response that the ICF has established as being correct. An ICF staff member will send an invitation to the applicant as their application is being reviewed.
