## **How to run Nutritionist Pro™ CD version on a MAC**

1. Create a PC environment on your MAC ( see how to do this below)
2. Install windows license such as windows 7, 8, 10 etc.

## **How to setup your MAC for running a PC environment:**

1. [How to install Windows using Bootcamp](#)
  - a. URL: <https://support.apple.com/en-us/HT201468>
  - b. newer MAC will have a free Bootcamp option that will allow you to create a PC environment
2. [Use Windows 8.1 on your MAC with your Bootcamp](#)
  - a. URL: <https://support.apple.com/en-us/HT201457>
  - b. This Link has steps on how to setup windows 8.1
3. [Use Windows 10 on your MAC with your Bootcamp](#)
  - a. URL: <https://support.apple.com/en-us/HT204990>
  - b. This Link has steps on how to setup windows 10
4. **Remember you will need a windows license like win 7, 8 or 10 to install after your PC environment is created**

**Once you are done with the above setup you are ready to install  
Nutritionist Pro™ !**
