# PCC Markers Training

- Starting a new round of training soon. Working on finalizing the trainers for this group and will provide dates for the next training once that is completed.
- Those already on the waiting list will automatically receive an invitation.
- We will be sending out another invitation and application to all ACTP providers as well.

# Accreditation Council

- After careful research and analysis regarding accepted best practices of accreditation bodies, the Board approved the creation of a governing council for program accreditation.
- This will be called the Accreditation Council.
- This is important to ensure that our accreditation process is operating in alignment with globally accepted standards for policy development, decision making and operations.
- Subject matter experts who demonstrate proficiency to a set of identified competencies will be invited to serve on this council.
- A call for volunteers will be publicized within the next 6-8 months.
