The screenshot shows a web application interface for managing cab trips. At the top, there is a navigation bar with the logo "powered by cab hound™" and several menu items: Dispatch, Reservation, Dashboard, Message, More, and Manage Dispatchers. A user profile "George" is visible in the top right corner. Below the navigation bar, there are tabs for "Not Accepted", "Accepted", and "Active". A table displays reservation data with columns for "Passenger Name" and "Reservation time". A modal window titled "Trip Information" is open, showing a progress bar with four steps: 1 (Enroute, highlighted in yellow), 2 (Arrived), 3 (On trip), and 4 (Trip end). Below the progress bar, there are two columns: "Driver" and "Passenger". The driver information includes the name "Thomas Smith", phone number "(555) 555-2222", and license "456". The passenger information includes the name "justin roth", phone number "(555) 555-5555", and location "Waynesville, NC, United States". At the bottom of the modal, there is a "View notes" section with a timestamp "04/13/2015 03:22 PM". A blue arrow points to a red "Cancel Trip" button located at the bottom right of the modal.
