

THE GLOBAL COMPETENCIES INVENTORY

Results for: Test Reports Group, March 25,
2016
Test Date: Friday, 29 Apr 2016
Test Form: Version 3.1

This report is based on research using normal adult samples and provides information on dimensions of global and intercultural competency. The information in this report should be viewed as only one source of evaluation and no decisions should be based solely on the information contained in this report. This report is confidential and intended for use by the individual being evaluated and his or her employer or trainer.

Overall Global Competency Inventory

The Overall Global Competency Inventory is comprised of three main factors, each of which has several dimensions. For each factors, results are given based on answers across the relevant items in the Global Competencies Inventory. Should readers of this report desire additional insight beyond the reported scores below, we encourage them to contact the lead survey administrator for a more thorough discussion of their profile.
