

## Carpenters and Electricians Need DI

As a carpenter or electrician, your work is hands-on. You rely on your technical skills as well as your physical ability to get the job done. Have you ever thought about what might happen if you became sick or hurt and Totally Disabled? What if you couldn't work as a carpenter or electrician? Would you and your family be able to maintain your standard of living without your income? Your everyday lifestyle and future plans could quickly be affected. With DI, you can be comfortable knowing you have a plan in place to help maintain your standard of living should the unexpected happen.\*

### Think it won't happen to you?

Becoming Totally Disabled can be more likely than you think. Look at this Illinois Mutual breakdown of common disorders that can leave people Totally Disabled:

Source: Illinois Mutual disability claims experience from 2011–2015 across all occupations.

### Help Protect Your Income

A Personal Paycheck Power® disability income insurance (DI) plan from Illinois Mutual helps you protect your income should you become sick or hurt and Totally Disabled by providing a benefit that helps pay your basic monthly expenses. You work hard to help people live comfortably and fix problems when the unexpected happens, but are you helping yourself do the same? With DI, you receive a benefit that helps maintain your standard of living and cover costs such as your mortgage, utilities and groceries.

### Policy Basics

- Coverage if you are Totally Disabled from your own occupation for a specified period of time (generally two years, but may be shorter) and then Totally Disabled from any occupation
- Guaranteed renewable to age 67, which means that as long as premiums are paid, the policy cannot be canceled
- Receive a base benefit in addition to Social Security or workers' compensation

\*In selecting coverage amounts, you should review other in force disability coverages, including any group disability income plan through your employer, which may be offset or reduced by any benefits that you may receive under this policy.

## Optional Riders

You can add optional riders at an additional cost to your Personal Paycheck Power® policy to best fit your needs and budget. Some of our options for carpenters and electricians are:

- **Return of Premium Rider:** Provides DI coverage if you need it, your money back if you don't. From ages 65 to 67, you are eligible to receive 100% of premium paid less any benefits already paid when your policy ends. Any benefits that may accrue under the Policy after the Return of Premium amount has been paid will be payable only to the extent such benefits exceed the Return of Premium amount.
- **Guaranteed Insurability Option Rider:** Allows you to get the DI coverage you need now with the option to purchase additional coverage in the future without evidence of good health. You can purchase additional coverage every 2 years up to age 55. (You do not need to wait 2 years if you had a life change, defined as a marriage, death of a spouse, divorce or birth or adoption of a child; Instead within 3 months of a life change, you may purchase additional coverage.) No more than 5 purchase options can be made.
- **Retroactive Injury Benefit Rider:** Pays benefits from the date of total disability due to injury if total disability occurs within 30 days of the injury and continues through the elimination period.
- **Activities of Daily Living Rider:** Pays an additional benefit if you cannot perform two or more of the activities of daily living or if you are cognitively impaired.

## Protection for Your Business

If you own a small business, Illinois Mutual has a plan for that, too! Our Business Expense Power® (BE) policy can help protect your business if you become sick or hurt and Totally Disabled. As a business owner, you may even qualify for additional benefits and discounts. It's just another way we're here to help you protect your income and your future.
