Conquer Adjustable Desktop Standing Desk Instructions

We appreciate your purchase of the Conquer Adjustable Desktop Standing Desk. This unit comes completely assembled right out of the box. Reduce your time in the chair and enjoy all the benefits of a standing desk!

- Place the unit on an even surface in your desired location.
- The unit adjusts up or down to 5 positions, and the keyboard tray moves in and out.
- To raise or lower the Conquer Adjustable Desktop Standing Desk, locate the locking levers on either side just beneath the desktop at the back of the top surface (fig. 1).
- Pull the levers up and move both rings to the “unlocked” position (fig. 2).
- Use your arms to pull up or push down the desktop (fig. 3).
- From the desk’s highest position, to move it down, push desktop down while fingers apply slight pressure on the locking levers. You will feel the locking levers slip into the “locked” position at each of the pre-set heights (fig. 4).
- It is not necessary to lock the Conquer Adjustable Desktop in the highest or the lowest position.
