The Pepwave Transit DUO included in our Road Warrior & Ultimate Road Warrior bundle has dual modem support. When paired with the Poynting MIMO-3 7-in-1 antenna MobileMustHave.com recommend alternating the LTE antennas to provide improved omnidirectional coverage for each modem. The following wiring diagram shows our recommendations on how to hook up the Poynting MIMO-3 7-in-1 antenna to the Pepwave Max Transit DUO.

Note:
Line color in diagram matches color of label on antenna cable.
