

Campaign Selector – HP Cirrus

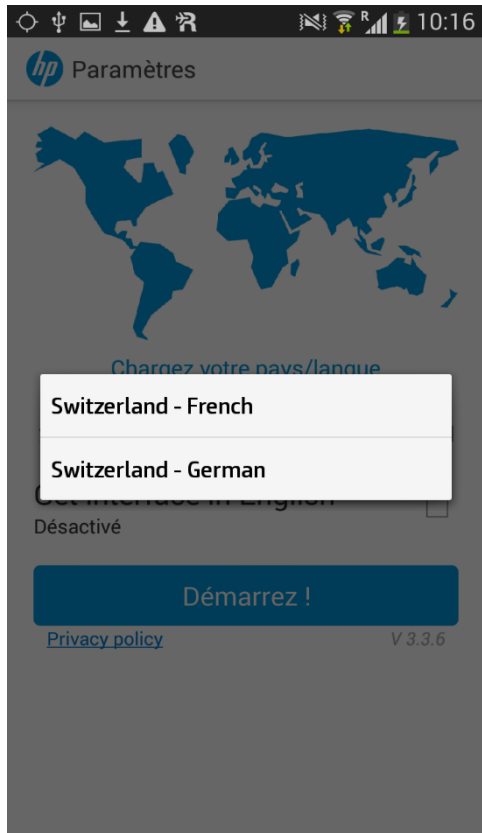

April 2016

Download HP Cirrus

- From your phone or tablet, go on the Google Play Store or App Store and search for HP Cirrus
- Or click on the logos below
- Or Scan the QR Code

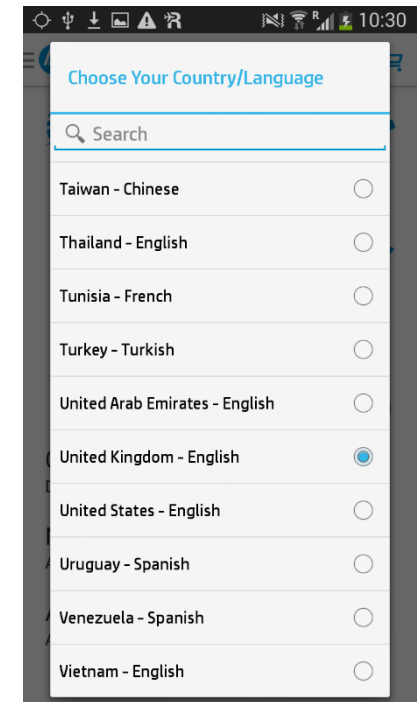

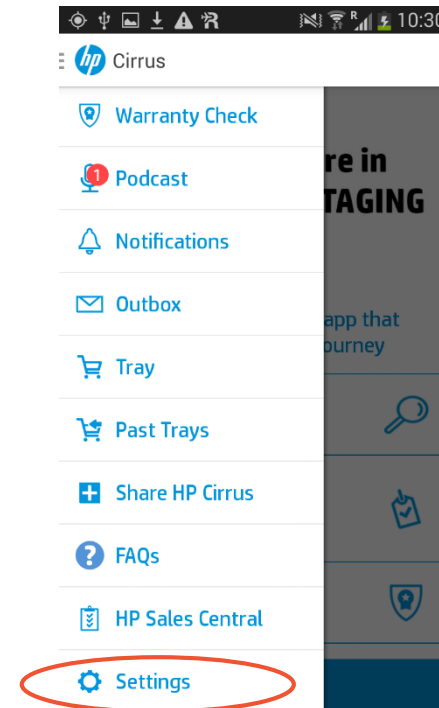

Open Cirrus and select your country

You also change this country by taping on the popup which will appear once the country detected.

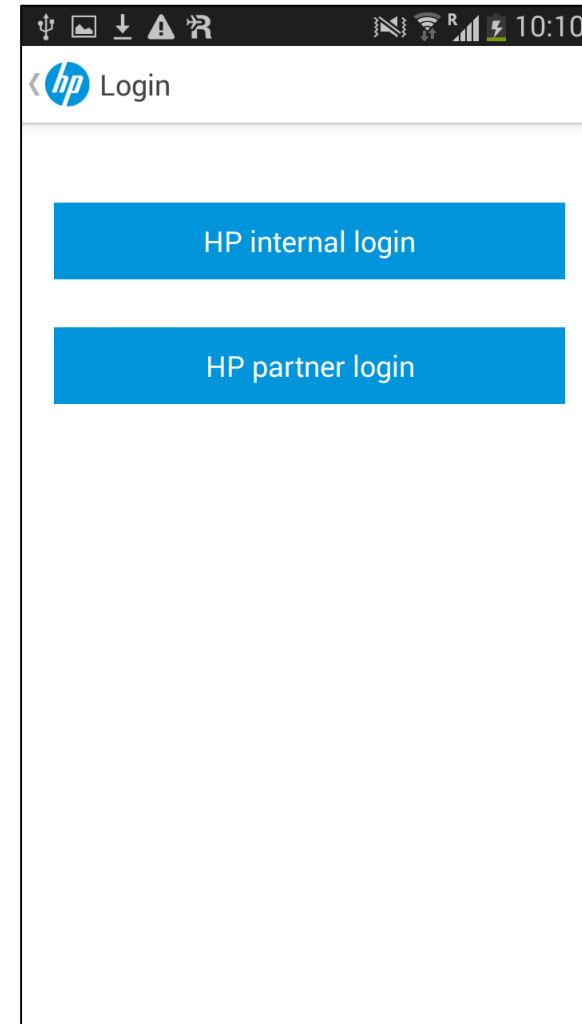

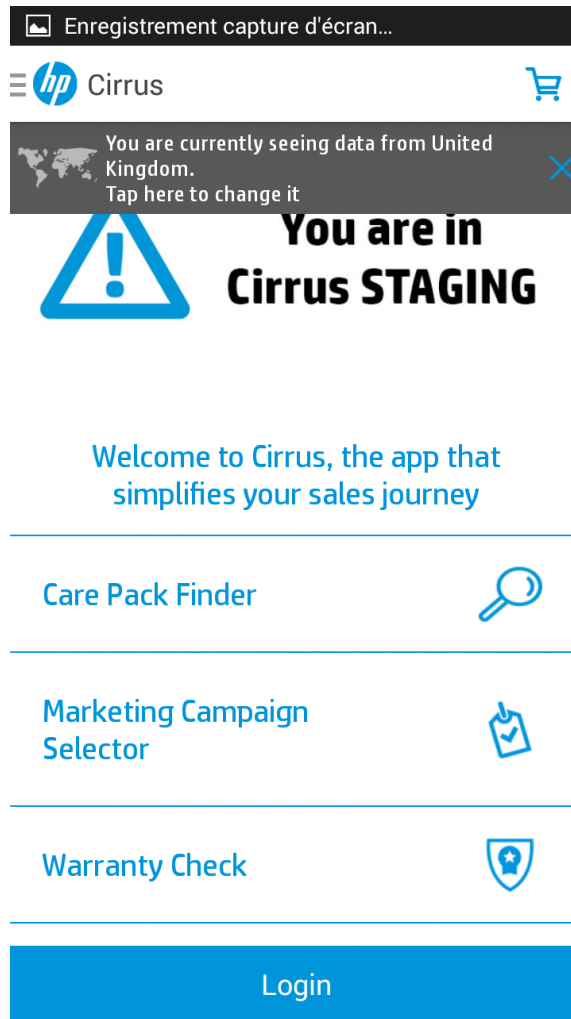

At any stage, you can also change the country (Go to Settings (swipe from left to right)).

Cirrus is geolocalized and will detect in which country you are.

Login to get full access

Tap on Campaign Selector

Campaign Selector

Select a campaign or click on Filter to find the right one (see highlighted areas in orange).
