Download VidyoDesktop™

3

## In-Call Controls

Move your mouse over the bottom of the VidyoDesktop application to expose the floating toolbar.

- View a list of all the conference participants and chat with them individually.
- Chat with all participants as part of the conference group chat.
- Select how to view the participant's video windows during the conference.
- Enter and exit full screen.
- Adjust the devices (camera, mic & speakers) by hovering over the toolbar at the bottom of the screen and selecting the cog icon. ⇒ If echo occurs check off the echo cancellation option.
- Select which application or screen you wish to share in the conference.
- Toggle among the applications that are being shared during the conference.
- Toggle your self-view preference.
- Show or hide the video feed from your camera.
- Mute, unmute, and control your microphone volume.
- Mute, unmute, and control your speakerphone volume.
- Open the Settings page.
- Toggle between the meeting
- End the conference.

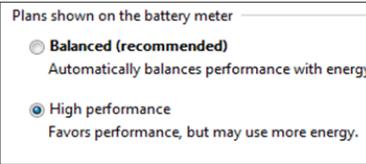

## Best Practices

### Basics

On a laptop avoid running on battery it may reduce video quality, Plug-in!

If your computer has a power plan, choose **High Performance**.

Use a USB mic & speaker for the best audio experience.

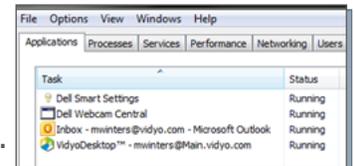

Plug devices (camera, microphone, etc.) directly into your computer's USB ports.

Use a wired network connection and disable wireless.

Close all extra applications before joining the conference.

### Etiquette

Remember, VidyoConferencing™ is just like an in-person exchange so smile and remain attentive!

⇒ **Eye contact:** Look into the camera to mimic eye contact.

⇒ **Introduce All Participants:** Turn on the option to **Show Participant Names** in the **Options Tab** in the **Configuration and Status** window. This displays the person's name below their image on the screen layout.
