

## 2744 Warning Messages

Warning Message	Recommended Action
<b>Warning-the facility certification date is not in the survey period but the beginning population is 0. Please add a comment.</b>	This warning can be bypassed. Please enter in comment field: "Facility not open in 2012." Survey can be submitted.
<b>Warning-if the facility certification date is in the current survey period, then fields 01 and 02 must equal 0. Please add a comment.</b>	This warning can be bypassed. Please enter in comment field: "Facility not open in 2012." Survey can be submitted.
<b>Warning-the total number of patients receiving care at the beginning of this survey period (field 03) must equal the total number of patients receiving care at the end of the last survey period for this facility (field 26). Please enter a comment.</b>	This warning can be bypassed. Please enter in comment field: "No 2011 Survey in CROWNWeb." Survey can be submitted.
<b>Warning-The total number of incenter patients receiving Other dialysis treatments (field 37) may be too high. Please verify this total.</b>	This warning can be bypassed. Please enter in comment field: " <u>(Number of)</u> patients received training treatments in 2012." Survey can be submitted.
<b>Warning-There are X (where X is the number of patients with a System Discharge) patients with a System Discharge that are not included in the totals in fields 08A - 13B.</b>	System Discharge events need to be corrected.
<b>Warning-Field 50 includes in its count x transplant(s) of type 'Unknown' that are not included in calculations for fields 47, 48, and 49.</b>	Please contact the Network via email for assistance.

## 2744 ERROR MESSAGES

Error Message	Recommended Action
<b><i>Error-The total number of patients (field 26) must equal the sum of the patients receiving care at the beginning of the survey period (field 03) plus the additions during the survey period (fields 04A through 07B) minus the losses during the survey period (fields 08A through 13B).</i></b>	Run "Additions During Survey Period Report" and "Patient Receiving Care at End of Survey Period Report." Compare "Additions During Survey Period Report" with "Patients Receiving Care at End of Survey Period Report." Fix the Patient's Admit/Discharge Summary. Make sure to "generate" 2744 and "save."
<b><i>Error-This facility has not closed and the beginning population (field 03) and the total patients (field 26) are incorrect.</i></b>	Run "Additions During Survey Period Report." Fix the Patient's Admit/Discharge Summary. Make sure to "generate" 2744 and "save."
<b><i>Error-Total additions (fields 04A through 07B) cannot be greater than the total patients (field 26).</i></b>	Run "Additions During Survey Period Report." Fix the Patient's Admit/Discharge Summary. Make sure to "generate" 2744 and "save."
<b><i>Error-The total number of Medicare patients (fields 27, 28, 29) must equal the total number of patients (field 26).</i></b>	Run "Patient Eligibility Status Report." Pay attention to the <i>Medicare Enrollment Status (MES)</i> & <i>Medicare Enrollment Start Date (MESD)</i> . MES will list a 1 (Enrolled in Medicare), 2 (No Medicare Coverage) and 3 (Medicare Status Pending). If a patient does not have a number indicated, you must update this through the <i>View Patient Attributes</i> page. Also, the MESD should have a start date of 2012 and/or prior to 2012 in order to reflect onto your 2012 Survey. If you're trying to correct an Effective Date that is uneditable, select Submit at the bottom of page. Then go to <i>View Patient Attribute History</i> and select Edit. You can now update the effective date here and submit. Make sure to "generate" 2744 and "save."
<b><i>Error-The number of patients receiving VR services (field 33) cannot be greater than the total number of patients (field 26).</i></b>	Run "Vocational Rehabilitation Report." Pay attention to <i>Vocational Rehabilitation Status</i> column. Fix Patient Attributes page. Make sure to "generate" 2744 and "save."
<b><i>Error-The number of VR employed patients (field 34) cannot be greater than the total number of patients (field 26).</i></b>	Run "Vocational Rehabilitation Report." Pay attention to <i>Employment Status</i> column. Fix Patient Attributes page. Make sure to "generate" 2744 and "save."
<b><i>Error-The number of VR employed patients (field 34) cannot be greater than the number of patients aged 18-54 (field 32).</i></b>	Run "Vocational Rehabilitation Report." Pay attention to <i>Employment Status</i> column. Fix Patient Attributes page. Make sure to "generate" 2744 and "save."
<b><i>Error-The total number of patients aged 18-54 (field 32) cannot be greater than the total number of patients (field 26). Field 32 Patients aged 18-54 is incorrect.</i></b>	Run "Vocational Rehabilitation Report." Fix Patient Attributes page. Make sure to "generate" 2744 and "save."

<p><b>Error-The total number of patients attending school (field 35) cannot be greater than the total number of patients (field 26). The number of patients attending school (field 35) is incorrect.</b></p>	<p>Run "Vocational Rehabilitation Report." Pay attention to Current School Status and Current School Status Change Date columns. Fix Patient Attributes page. Make sure to "generate" 2744 and "save."</p>
<p><b>Error-the total number of patients attending school (field 35) cannot be greater than the total number of patients receiving Vocational Rehabilitation services (field 33). The number of patients attending school is incorrect.</b></p>	<p>Run "Vocational Rehabilitation Report." Pay attention to <i>Current School Status, Current School Status Change Date, Vocational Rehabilitation Status</i> and <i>Vocational Rehabilitation Status Change Date</i> columns. Fix Patient Attributes page. Make sure to "generate" 2744 and "save."</p>
<p><b>Error-The total number of patients attending school (field 35) cannot be greater than the total number of patients aged 18-54 (field 32). The number of patients attending school is incorrect.</b></p>	<p>Run "Vocational Rehabilitation Report." Pay attention to <i>Current School Status</i> column. Fix Patient Attributes page. Make sure to "generate" 2744 and "save."</p>
<p><b>Error-Total Patients (field 26) cannot equal 0 if the facility has not closed.</b></p>	<p>This error can be bypassed. Please enter "Facility opened on __/__/____." (<i>Date Facility Opened</i>) into comment field. Survey can be submitted.</p>
<p><b>Error-The Total number of patients receiving care at the beginning of the survey period (field 03) cannot equal 0 if the facility has not closed.</b></p>	<p>This error can be bypassed. Please enter "Facility opened on __/__/____." (<i>Date Facility Opened</i>) into comment field. Survey can be submitted.</p>
<p><b>Error-The total patients (field 26) cannot be zero (0) for this facility.</b></p>	<p>This error can be bypassed. Please enter "Facility opened on __/__/____." (<i>Date Facility Opened</i>) into comment field. Survey can be submitted.</p>
<p><b>Error-Total losses (fields 08A through 13B) cannot be greater than the total patients (field 26).</b></p>	<p>Run "Patient Receiving Care at End of Survey Period Report." Pay attention to <i>Patient Discharge Date</i> and <i>Discharge Reason</i> columns. Fix the Patient's Admit/Discharge Summary. Make sure to "generate" 2744 and "save."</p>
<p><b>Error-The number of frequent in-center hemodialysis patients cannot be greater than the total number of hemodialysis patients ( the sum of fields 30A and 31A cannot be greater than the sum of fields 14 and 16).</b></p>	<p>Run "Patient Receiving Care at End of Survey Period Report." Pay attention to <i>Dialysis Type of Training</i> and <i>Expected Self Care Setting</i> columns. Fix the Patient's Treatment Summary. Make sure to "generate" 2744 and "save."</p>
<p><b>Error-The number of frequent hemodialysis patients cannot be greater than the total number of hemodialysis patients (the sum of fields 30A,31A, 30B, 31B cannot be greater than the sum of fields 14, 16 and 21).</b></p>	<p>Run "Patient Receiving Care at End of Survey Period Report." Pay attention to <i>Vocational Rehabilitation Status, Current School Status</i> and <i>Employment Status</i> columns. Fix Patient's Patient Attributes page. Make sure to "generate" 2744 and "save."</p>
<p><b>Error-The number of Total Patients (26) must equal the sum of the total number of incenter dialysis patients (field 20) and the total number of home dialysis patients (field 25).</b></p>	<p>Run "Patient Receiving Care at End of Survey Period Report." Pay attention to <i>Primary Dialysis Setting</i> and <i>Primary Type of Treatment</i> columns. Fix the Patient's Treatment Summary. Make sure to "generate" 2744 and "save."</p>

<p><b>Error-the number of total incenter dialysis patients (field 20) must equal the sum of fields 14 through 19.</b></p>	<p>Run "Patient Receiving Care at End of Survey Period Report." Pay attention to <i>Primary Dialysis Setting</i> and <i>Primary Type of Treatment</i> columns. Fix the Patient's Treatment Summary. Make sure to "generate" 2744 and "save."</p>
<p><b>Error-The total number of patients receiving incenter other dialysis (field 15) cannot be greater than the total number of incenter other dialysis treatments including training (field 37). Other dialysis total is incorrect.</b></p>	<p>Run "Patient Receiving Care at End of Survey Period Report." Pay Attention to <i>Primary Type of Treatment</i> column. Fix the Patient's Admit/Discharge Summary. Make sure to "generate" 2744 and "save."</p>
<p><b>Error-The total number of frequent home hemodialysis patients (fields 30B and 31B) cannot be greater than the number of home hemodialysis patients (field 21). Frequent home hemodialysis patients total is incorrect.</b></p>	<p>Run "Patient Hemodialyzing More Than 4 Times Per Week Report." Fix the Patient's Treatment Summary. Make sure to "generate" 2744 and "save."</p>
