

# **PETS ALIVE!<sup>TM</sup>**

## ***Pet food Supplement for Cats and Dogs***

A highly nutritious diet supplement formulated to provide key minerals and proteins. Unlike similar supplements, Pets Alive! does not contain corn or soy.

Pets Alive! can help pets feel happy and healthy! This unique formula promotes a lustrous, silky smooth coat for your dog or cat. After only a few weeks, you'll notice the difference. Run your fingers through your pet's fur, and feel it's silky hair.

### **GUARANTEED ANALYSIS:**

Crude Protein.....	24.00% min
Crude Fat.....	14.00% min
Crude Fiber.....	6.00% max
Moisture.....	10.00% max
Calcium.....	2.00% min
.....	2.50% max
Phosphorus.....	1.80% min
Salt.....	0.50% min
.....	0.90% max
Iodine.....	0.0052% min

**Ingredients:** Wheat Midds, Dried Yeast, Wheat Germ, Bone Meal, Lecithin, Dried Kelp, Ascorbic Acid, Garlic Powder.

**Directions:** Sprinkle Pets Alive! over each serving of pet food; use 1-2 teaspoons per cup of food, per day. Or serve separately as a treat. For finicky eaters, you need to try a more gradual approach. Place a small amount of Pets Alive! in a corner of the bowl (or better yet, under the food) so your pet becomes accustomed to the smell while eating. Over time, as your pet begins to eat Pets Alive!, you can increase to the recommended amount. **Note:** Like any other pet food supplement, we recommend that you wait to start feeding Pets Alive! until after your pet has finished nursing. For most puppies and kittens, this is usually 6-8 weeks after birth. As your pet is able to digest solid food, it will begin to benefit from Pets Alive!

**Net Weight: 1 lb.**
