

Grow Tub™ Container Fertilizer for Vegetables and Ornamentals

- Plant Based: No animal by-products
- Specially Designed for Plants in Containers
- Increases Bloom and Yield

Directions:

For Containers: Sprinkle Grow Tub™ Container Fertilizer for Vegetables and Ornamentals around the plant(s) evenly on the soil surface. Scratch the fertilizer into the upper layer of soil, being careful not to damage the plant or plant roots. Water the plant container thoroughly after applying the fertilizer. Re-apply when the plant begins to flower. If growing plants from seed, allow plants to emerge before applying fertilizer.

For:

Salad/Herb Grow Tub 11¼" x 11¼" (0.9 sq. ft. approx.) - Apply 1 TBSP

Pepper Grow Tub 13¼" x 13¼" (1.2 sq. ft. approx.) - Apply 2 TBSP

Tomato Grow Tub 15¾" x 15¾" (1.75 sq. ft. approx.) - Apply 4 TBSP

Potato Grow Tub 18¼" x 18¼" (2.3 sq. ft. approx.) - Apply 5 TBSP

Use the above rates for other containers that match the surface area of the pot. You can not over apply Grow Tub™ Container Fertilizer for Vegetables and Ornamentals.

For Garden Beds: Apply at a rate of 3 lbs. Per 60 square feet. After seeds have emerged, or in beds with existing plants, broadcast Grow Tub™ Container Fertilizer for Vegetables and Ornamentals over garden bed and incorporate into soil. Re-apply when plant is flowering and/or bears fruit/vegetables.
