

Sure-Catch™ Cockroach Trap

Catches cockroaches: American (Periplaneta americana), German (Blattella germanica), Oriental (Blatta orientalis), and other crawling insects. Insects are lured by a food attractant and caught into the trap and stick to the adhesive surface.

Instructions for Use:

1. Fold at indentation
2. Remove protective paper
3. Form a small tent
4. Place trap in infested room

Change when adhesive layer is covered with insects.

Ingredients

Natural Adhesives
Food Grade Attractant

Contents

4 traps
