PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals: CAUTION

Causes moderate eye irritation. Avoid contact with eyes. Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

Environmental Hazards This product is toxic to aquatic organisms, including fish and invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

PHYSICAL OR CHEMICAL HAZARDS

Combustible. Do not use or store near heat or open flame.

PRECAUTIONS:

- Some varieties of grapes and cucurbits are sensitive to sulfur and some plant damage may occur.
- Use care or do not spray on sulfur sensitive plants. If not sure, test spray a few leaves 2 days before spraying the entire plant.

RESTRICTIONS:

- Do not apply directly to or near water. Drift and run-off may be hazardous to fish in water adjacent to treated areas.
- Do not use if temperatures are expected to be over 90°F.
- Do not apply to strawberry fruit that will be used for canning.
- Do not spray plants with Rose and Ornamental Plant Spray within 21 days of an oil spray.
- Do not make applications during rain.
- Do not apply this product in a way that will contact adults, children or pets, either directly or through drift.
- Do not allow adults, children to pets to enter the treated area until sprays have dried.
- Do not wet plants to the point of runoff or drip.
- Do not water the treated area to the point of runoff
- Not for use in outdoor residential misting systems

For use only on residential lawns and gardens. Not for use on agricultural establishments growing agricultural crops or commodities for resale.

Directions For Use:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Shake well before using.

FOR CONTROL OF FUNGAL DISEASES:

When high levels of disease are present, or during periods of wet weather, mix 5 fluid oz of product with 1 gallon of water and shake well. During drier weather or when low levels of disease are present, mix 2.5 fluid oz product with 1 gallon of water and shake well. Thoroughly spray all areas of the plant, especially new shoots. For best control apply as protective spray early in the season before the diseases are noticed. Re-spray every 7 to 10 days or after rain. May be used up to day before harvest.

FOR CONTROL OF INSECT/MITES:

Dilute product by mixing 5 fluid oz product with 1 gallon water. Shake well. Thoroughly spray all areas of the plant, especially new shoots and the underside of leaves. Pests need to be contacted by the spray to be controlled.
