

HEBREW IV LIVE

MASTERING STRUCTURE

COURSE DESCRIPTION

This course series takes a unique approach to learning Biblical Hebrew, utilizing worship songs in Hebrew as the basis for learning. By immersing ourselves in Hebrew songs, absorbing vocabulary and studying grammar becomes more of a joyful activity and less of a chore. This method also directs our study of Biblical Hebrew straight to its end goal from the start—to glorify the God who has given us his priceless word. Thus, the aim of this course series is to take someone without any knowledge of Hebrew and to equip them to begin reading and understanding the text.

Hebrew IV builds upon the grammatical foundation laid in Hebrew I-III, focusing on using text hierarchy to accurately interpret the Hebrew text of Scripture.

PREREQUISITES

Hebrew I, II, and III (or the equivalent)

COURSE FORMAT

Hebrew IV is a LIVE course running from October 2 - December 11. Each week, students will read through one lesson, meet together in a virtual classroom via Zoom, and complete an assignment. The class will meet on Thursdays at 3pm ET. Students who enroll should expect to attend the virtual class and complete each lesson and assignment on time.

During the live class time, a teacher will teach new content based on that week's lesson, facilitate group discussions, and lead students through class projects that apply the skills and knowledge taught by the lesson. Students will also be able to sign up for one-on-one coaching times with the teacher.

The course requires about four-five hours per week from students. This includes reading the lesson, completing the assignment, and participating in the live class time.

COURSE REQUIREMENTS

Weekly Requirements: The course requires students to complete three tasks each week:

1. Work through the lesson content (about 1 hour for a Vocab lesson, and about 3 hours for a Grammar lesson)
2. Complete the assignment (about 2-3 hours)
3. Participate in the live class (about 1.5-2.5 hours)
4. Review vocabulary and syntax (about 1 hour)

Assignments: Weekly assignments allow students to apply the principles they learn, using extrabiblical resources.

Assessment: During the final week of the course, students will take a one-hour comprehensive assessment.

Certificate: Students who successfully complete the course and pass the assessment will earn Biblearc's Hebrew IV Certificate.

COURSE SCHEDULE

The course kicks off with live class times on October 2. Following this kick-off, the weekly schedule will be as follows (except for the week of Thanksgiving, when there will be no class):
