# Installation instructions for
H-Channel Clips GS-600-C

1. Slide the H-Channel between the panels leaving a couple inches between each piece of H-Channel. On the inside of the greenhouse, slide the H-Clip onto each end of the H-Channel pieces.

2. From the outside of the greenhouse, insert about a nickel-size gob of silicone caulking into the area between the H-Channel pieces.

3. Slide the H-Channel pieces in so they butt together. Then put a little caulking in the joint of the two H-channels where they touch each other. In the butt joint.
