

Thoroughly wet the dormant plants of trees. Do not apply more than 4 fl.oz of concentrate (400 fl. oz. of 1% solution or 200 fl. oz. of 2% solution) per 1000 square feet.

### USE RESTRICTIONS

Oil removes the glaucous (blue) bloom from such evergreens as Colorado blue spruce and Koster spruce. Use a 1% solution on oil sensitive plants such as: Chamaecyparis, Cryptomeria, Japanese Holly, Red Cedar and Smoke Tree. Use caution on blooms and buds. Test spray a portion of the plant and wait several days to determine if burn occurs before spraying larger areas. Some plants are sensitive to this product. If in doubt, test-spray a small portion of the plant and wait several days to determine if burn occurs before spraying larger areas.

- Do not wet plants to point of runoff or drip.
- Do not allow adults, children or pets to enter the treated area until sprays have dried.
- Do not apply this product in a way that will contact adults, children, or pets, either directly or through dirt.
- Do not apply within 21 days of a sulfur application.
- Do not use Pyola spray when temperatures are above 90° F
- Do not apply directly to or near water, storm drains, or drainage ditches. Do not apply when windy. To prevent product run-off, do not over water the treated area(s) or apply when heavy rain is expected. Rinse applicator over lawn or garden area only.
- Do not apply more than 10 times per season.
- Do not reapply within 3 days except under extreme pest pressure.
- In case of extreme pest pressure do not reapply within 24 hours.
- Not for use in outdoor residential misting systems.

### STORAGE AND DISPOSAL

**STORAGE:** Store this product in its original container and keep in a secure storage area out of reach of children and domestic animals.

### DISPOSAL:

**If empty:** Do not reuse container. Place in trash or offer for recycling if available.

**If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

### Notice To Buyer

Seller warrants that this product conforms to the chemical description on this label and is reasonably fit for purposes stated in the Directions for Use, subject to the inherent risks described above, when used in accordance with the Directions for Use under normal conditions. To the extent consistent with applicable law, this warranty does not extend to use of this product contrary to label directions, or under abnormal use conditions, or under conditions not reasonably foreseeable to Seller. Seller shall not be liable for any such use. To the extent consistent with applicable law, the Seller makes no other warranties, either expressed or implied.

<b>FIRSTAID</b>	
<b>IF ON SKIN OR CLOTHING:</b>	<ul style="list-style-type: none"> <li>- Take off contaminated clothing.</li> <li>- Rinse skin immediately with plenty of water for 15-20 minutes.</li> <li>- Call a poison control center or doctor for treatment advice.</li> </ul>
Have the product container or label with you when calling a poison control center or doctor or going for treatment.	

**Precautionary Statements**

**Hazards to Humans and Domestic Animals:**

**CAUTION.** Harmful if swallowed or absorbed through the skin. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco.

**Environmental Hazards:** This product is toxic to aquatic organisms including fish and invertebrates. Do not apply directly to water or near water. Drift and run-off may be hazardous to fish in water adjacent to treated areas. Do not contaminate water when disposing of equipment, washwaters, or rinsate. See Directions for Use for additional precautions and requirements.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**Only for use in home gardens and home greenhouses.**

Please read entire label. Use only as directed. Shake well before each use. Thoroughly wet all parts of the plant. Repeat treatment in 1 - 2 weeks if necessary. May be used on edible crops up to and including day of harvest.

**INSTRUCTIONS FOR MIXING**

For 1% solution, mix 2 teaspoons of concentrate with 1 quart (32 fl.oz) water, or 1 fl.oz. concentrate with 3 quarts (96 fl.oz.) water. For a 2% solution, mix 4 teaspoons of concentrate with 1 quart (32 fl.oz.) water, or 2 fl. oz. concentrate with 3 quarts (96 fl.oz.) water. Shake well before each use and stir or shake diluted spray frequently during use.

**PESTS AND APPLICATION INSTRUCTIONS**

Pyola will kill the following insect pests: aphids, beetles (Colorado potato beetle, flea beetle, Japanese beetle, asparagus beetle), caterpillars (gypsy moth caterpillars, tent caterpillar, diamondback moth larvae, leafrollers), ants (except Fire Ants, Harvester Ants, Carpenter Ants and Pharaoh Ants), mealybugs, mites, leafhoppers, scale insects, whitefly, adelgids, plant bugs, fungus gnats, thrips, sawfly larvae, psyllids, spittlebugs, and phylloxera. Apply at a rate of 1% or

2% solution. For soft-bodied pests such as aphids and mites, a 1% solution is sufficient. Using hand-held trigger sprayers, hand sprayers or backpack sprayers, thoroughly spray insect pests with diluted product until plants are wet. Do not wet plants to point of runoff or drip. Repeat treatment in 1-2 weeks if needed.

**HOME GARDEN USE**

For use outdoors on fruit and nut trees (apples, cherries, peaches, pears, nuts); flowering, foliage plants; corn; melons; tomatoes; vegetables (beans, cabbage, cucurbits, peas, potatoes); figs; small fruits (grapes, strawberry, raspberry); citrus; ornamental and shade trees (birch, evergreens, holly, oak). Do not apply more than 4 fl.oz. of concentrate (400 fl.oz. of 1% solution or 200 fl.oz. of 2% solutions) per 1000 square feet

**HOME GREENHOUSE USE**

For use in home greenhouses on flowering, foliage plants; melons; tomatoes; vegetables (beans, cabbage, cucurbits, peas, potatoes); small fruits (grapes, strawberry, raspberry). Do not apply more than 4 fl.oz. of concentrate (400 fl. oz. of 1% solution or 200 fl.oz. of 2% solution) per 1000 square feet.

**DORMANT USE**

Kills egg stages of pests present in dormant season and scale insects, mites and mealybugs on dormant shrubs (roses), evergreens, fruit trees and shade trees. Apply a 2% solution.
