

AL015

UNIVERSAL MICRO SCOOTER LIFT

ADJUSTABLE, LIGHTWEIGHT, PROFILE PLATFORM THAT MAXIMIZES VISIBILITY

Ideal for compact three or four wheel scooters and is compatible with many smaller vehicles.

Adjustable cradles are able to accommodate a wide variety of scooters up to 22" wide and wheelbases from 26" to 36".

The AL105 is a great solution for my little scooter and car. I have great visibility behind when its folded up and it's light enough that I don't need a truck.
