VIEWPAC ENDORSES TRICIA PRIDEMORE FOR GEORGIA'S 11th CONGRESSIONAL DISTRICT REPUBLICAN PRIMARY

Highly respected and effective VIEWPAC (Value in Electing Women Political Action Committee) today endorsed conservative leader Tricia Pridemore in the Republican primary for Georgia's 11th Congressional District.

"Tricia Pridemore brings the experience, discipline, and judgment that effective leadership in Congress demands. Her background in business and public service reflects a strong commitment to conservative principles and results-oriented governing. A proven leader, Tricia has built a record defined by integrity, sound judgment, and a pragmatic approach to solving complex challenges. VIEWPAC is proud to endorse her candidacy and looks forward to helping elect her to represent Georgia's 11th District in the U.S. House of Representatives," said Julie Conway, Executive Director of VIEWPAC.

A software technology veteran and public servant, Tricia Pridemore currently serves as Georgia's Public Service Commissioner, where she works to keep energy rates affordable, strengthen grid reliability and hold utilities accountable for Georgia families and businesses.

On the Commission, Pridemore has championed policies to expand domestic energy production — including oil, natural gas, coal and nuclear power — to lower costs for American families while strengthening national security. She is a staunch defender of President Trump's America First agenda, including securing the southern border, enforcing immigration laws, protecting election integrity and cutting burdensome federal regulations.

"I am honored to receive VIEWPAC's endorsement," said Pridemore. "VIEWPAC has built a national reputation for supporting serious, capable Republican women who are ready to lead and govern. I'm running for Congress to fight for the values that make our communities strong, including secure borders, affordable American energy, safe neighborhoods and a government that respects the voices of hardworking families across Georgia's 11th District. As a lifelong conservative and proud supporter of President Trump's America First agenda, I look forward to taking our Georgia values to Washington and delivering results."

Value In Electing Women Political Action Committee (VIEWPAC) was founded in 1997 by female Republican Members of Congress and professional women to help elect qualified, viable, serious Republican women to Congress who are serious about governing. VIEWPAC is governed by a voluntary Advisory Board responsible for strategic decisions relating to engagement in key federal races. Incumbent GOP women in the House and Senate attend VIEWPAC events, but they have no official operational role.

About Tricia Pridemore

A Cobb County resident and graduate of Kennesaw State University, Pridemore was elected to the Commission in 2018 and is serving through 2026. She previously served on the gubernatorial transition teams for both Governor Deal and Governor Brian Kemp, and co-chaired Governor Deal's Inaugural Committees. Pridemore has been recognized by *Georgia Trend* magazine as one of the state's "100 Most Influential Georgians."

About VIEWPAC

VIEWPAC is exclusively dedicated to protecting and increasing the number of Republican women in the U.S. House and U.S. Senate. Our singular goal is to strategically provide financial support where and when it is needed most; whether it be for a vulnerable incumbent or a competitive candidate. Since we began our mission over 29 years ago, VIEWPAC has directly contributed and helped to raise over \$47,000,000 for Republican women running for Congress.

VIEWPAC does not have a formal litmus test; however, it is understood that candidates are vetted to confirm their genuine interest in legislating and being a discerning member of the House or Senate once elected. We encourage others to follow suit and support our vetted candidates. What began as a way to raise money and contribute money now also serves as a network of people who care about helping other women succeed. More women are taking the leap to run for federal office, in part because they believe they will have the support they need to be successful.

Paid for by Tricia for Congress.
