Heads only for Coil Raylite Illuminated Stand Magnifiers

To order a head for use with either the Battery or Electric Handle, indicate the model # followed by “-01” (example: 6259-01)

**Xenon Battery or Electric Magnifiers**

Xenon magnifiers come in 2 models – battery operated or electric powered.

Battery powered version requires 3C batteries. Electric version requires the electric transformer, #5226-16, which must be purchased separately.

Zimmerman Simulation Kit

Kit contains lenses and funnels to use when demonstrating how a patient with a vision impairment sees. Includes 4 welder’s goggles with 4 acuity loss lenses (approximate simulations of 20/70, 20/200, 20/400 and 20/600), 3 funnels that simulate peripheral field loss (tunnel vision) of 3, 7 & 10 degrees (approximately), and other lenses that simulate macular degeneration, cataracts, retinal detachment, and hemianopsia. Also included are occluder lenses which are used to eliminate ambient light. This is an excellent resource for vision-care professionals and educators.

2.5X x 25 Monoculars

2.8X x 28 Monoculars
7” Portable HD CCTV with Distance Viewing
- 4 megapixel HD image with 2X – 32X magnification
- distance camera works up to 16’ away; great for grocery shelves or bus stops
- stores nearly an unlimited number of freeze frame images on a removable 32 GB card. Voice memo feature can add a recorded message to any of those images
- line marking for easier reading and better tracking
- output to an external monitor using AV or HDMI

Candy 5 HD II Electronic Magnifier
- 5” widescreen HD LCD screen for a color-rich image
- continuous magnification from 2.5X – 22.5X
- 4 brightness levels; 5 color contrast modes
- Self-view mode and near distance mode for 2-3 feet distance
- 3 position handle for right or left handed use
- 4.5 hour battery life after 3 hour charge

3.5” Portable Magnifier
- electronic magnifier with 3.5” LCD screen is easy to throw in a purse or pocket
- magnification from 2X – 24X
- one freeze frame image, and 15 color options
- output to a TV using an included AV cable

10” Portable with Distance
- 10” portable magnifier with 2X – 18X magnification
- big, simple buttons for ease of use
- distance viewing for near distance activities such as grocery shelves or street signs
- built in, fold out reading stand
- HDMI output for viewing on a TV
- 4 hour battery life

Eye-U 5” HD CCTV
- great value portable CCTV offers 1.7X – 38X magnification on a 5” screen
- near distance viewing is good for grocery shopping and other close in tasks
- built in handle acts as either a stand or a handle
- 7 color modes, and window marking to isolate just a line of text
- HDMI output for viewing on a larger screen

Snow Handheld Video Magnifier
- magnification from 2X-16X
- 4.3” color TFT screen with 10 viewing contrast modes: full color, grey, black on white, blue on white, black on yellow, blue on yellow, reverse mode, and more
- freeze frame functionality
- connect to TV, support PAL/NTSC
- measures 6.5” x 3” x 1”
- rechargeable & replaceable battery with 3.5 hours continuous use
- carry case, wrist grip, attached writing stand (INC)
Mercury Electronic Magnifier with OCR
- Innovative product offers portable electronic magnification and text to speech
- 7” screen has magnification up to 10X
- OCR technology photographs text and speaks it back
- Scanned text can also be viewed and manipulated on screen
- Scanned documents can be uploaded to a computer
- Integrated, fold out legs for hands free use
- Can photograph and scan distance items such as street signs
- Also speaks in Spanish

New

Explorē Series
Humanware’s new Explorē line of portable electronic magnifiers is designed for active people with low vision who wish to have options in their electronic magnification. Small, lightweight, smart and easy to use, they are a great addition to your low vision toolbox.

Explorē 8 HD
- 8” touchscreen HD handheld magnifier
- Two ultra HD 21 megapixel cameras for close up and distance viewing
- Up to 30X magnification in close up viewing
- Large, physical buttons provide access to key functions; touchscreen control for all other settings
- Built in reading stand; output for large screen viewing using HDMI
- 4.5 hour battery life

857889  $1,099.00

- 3.5” LCD screen; excellent entry level product
- 2X to 16X continuous magnification
- High contrast, easy to use buttons
- Built in stand; built in flashlight
- External output to a TV for larger viewing

857885  $249.00

Miracle Mouse
Electronic Reading Aid
- Magnify and freeze images on your TV monitor
- Easily move the mouse with rolling wheels on bottom
- Reading modes: full color, B/W, W/B
- Up to 20X magnification on a 20” monitor
- Carry bag, power adapter and user’s guide (INC)
- Purchase optional USB adapter to install downloadable software for use with computer monitors

859017  Wired  $114.95
859018  USB Adapter  $49.95

Patriot 10” Magnifier with OCR
- 10” magnifier built on an Android platform
- Magnification adjusts using 2 finger pinch to zoom in and zoom out; color select choices with 3 finger tap
- Can scan a pull page document and read it back using OCR technology
- Choice of different languages and 10 different voices
- 8 megapixel camera; built in reading stand

885308  $2,695.00
Reinecker Vision of Germany has expanded its Mezzo line of CCTV’s to offer a wide variety of monitor sizes, camera types, and portability options. All units still feature the distinctive folding HD LED monitor which folds flat for transport and offers spring form balancing for ergonomic positioning. The Focus camera uses Low Vision High Definition (LVHD) technology to offer a FullHD high resolution image with no blurring or shadowing. Simple 3 button operation offers auto focus magnification, 6 color selections including full color, and brightness controls with additional windowing and line marking. Optional accessories include a carrying case, portable XY table, or fixed XY table.

**Mezzo Focus 16”**
- 16” monitor offers a full size desktop CCTV at a competitive price
- magnification from 1.6X to 32X, depending on settings
- 11.5 pound weight makes it easy to move from room to room
- battery operated unit separately available
- 251091 $1,995.00

**Mezzo Focus 19” with Battery**
- 2.3X – 40X magnification available on a 19” monitor
- built in battery with 3.5 hour battery life increases portability
- used in conjunction with an optional carrying case, this unit can deliver great independence and portability
- 251096 $2,495.00

**Mezzo Focus 22” with XY Table**
- traditional desktop CCTV with a 22” HD monitor
- built in XY table with brakes
- folds down for compact storage or transport
- 251100 $2,495.00

Reinecker’s MANOtouch portable CCTV’s offer innovative new technology in the portable CCTV world. All operating controls are managed through a simple and intuitive touchscreen display, with all of the controls highly customizable according to a user’s specific needs. Magnification ranges from 1X to 20X on the 3.5” touchscreen or from 1X to 33X on the 4.9” touchscreen. Innovative camera technology offers LVHD (Low Vision High Definition) technology to produce optimal image processing with flicker-free viewing. It also minimizes reflections from high-gloss papers and removes all image distortions. Other features include a multi-functional cover/stand, HDMI port for export to an external screen, optional inductive charging for super easy charging, and multiple color modes. Freeze frame can save up to 100 snapshots. Battery life is roughly 4 hours after a 4 hour charge.

454703 MANOtouch 4 $595.00
251108 MANOtouch 5 $695.00

All Reinecker Mezzo units, add $30 Additional Freight Restocking Fee Will Apply

Daylight 1.75X Swan Desk and Floor Lamps
The natural light from the Daylight fluorescent tubes makes colors more vivid, reduces eye strain and decreases glare. Both models combine this comfortable lighting with a removable 1.75X / 5” polished acrylic lens on a separate flexible arm. Both models feature a unique ‘Easy-Twist’ movement. You can twist the head and magnifier and direct the light exactly where you are. Includes a flicker free 18W daylight energy saving tube.
- height: desk model: 17.5”, floor model: 44”

Daylight Ultra-Slim 1.75X / 7” Clamp-on Magnifying Lamp
- designed especially for the serious crafter or artist
- the ultra-slim magnifying lamp combines a large precision 7” glass lens with the strongest Daylight
- table clamp

Daylight 1.75X / 5” Magnifying Lamp w/Clamp
- practical, clean white magnifying lamp with a semi-rimless 5” precision acrylic 1.75X lens
- removable lens cover to give you a wider viewing area
- 13W Daylight bulb and table clamp (INC)

Daylight 1.75X Tabletop Clamp-on Magnifying Lamp
- an ultra slim 5” head improves the magnified viewing area
- the 22W Full Spectrum Naturalight energy saving tube will last up to 10 times longer than conventional bulbs

Daylight 2X LED Combo Floor and Table Magnifying Lamp
- a practical and versatile table/floor lamp in one unit
- 21 high performance Naturalight™ LED's
- large 5” lens with 2X magnification
- flexible gooseneck arm aims light precisely as needed
- simply remove the pole for use as a table lamp
- floor height: 44”

Daylight XR Ultra-Slim 1.75X Clamp-on Magnifying Lamp
- XR technology creates a lightweight, extra resistant, easy-to-clean 7” lens
- flicker-free electronic ballast works longer for optimal comfort
- high quality metal arm for optimal flexibility and durability
- 2 additional lenses (2.5X, 4X) and dedicated table and floor stands available separately
**2.25X Folding LED Magnifying Lamp**
- 3.5" 5D magnifier with a 12D inset lens for detailed viewing
- lightweight and foldable for easy travel
- head can rotate nearly 180° for optimal positioning
- 3 levels of illumination; 6,000K daylight color temperature

401114 $62.95

---

**CAN-DO™ 3.5X Magnifying Desk Lamp**
- 3.25" lens is surrounded by an 11W circular bright bulb
- protective lid covers the lens
- 12" height

369223 $24.95
172852 Bulb 4.95

---

**LUXO KFM LED Magnifier**
- energy efficient, 75% greater light output
- dimmable 9W LED light source produces 2800 lux at a 13" working distance
- 5", 5D (2.25X) optical quality glass lens
- available in black or gray

18115 45" arm reach clamp on $287.95
18255 30" arm reach, weighted base 388.95

---

**LUXO Wave Plus LED Rectangular Magnifier**
- energy efficient
- auto shut-off feature
- 2 dimmable 6W LED light sources that allow individual left/right lighting control
- 6.75” x 4.5” wide angle, optical quality glass lens
- 3.5D (1.9X) or 5D (2.25X) magnifier

18845 45" arm reach clamp on, 3.5D $391.95
18945 45" arm reach clamp on, 5D 400.95
18847 30” arm reach, weighted base, 3.5D $489.95
18947 30” arm reach, weighted base, 5D 499.95

---

**LUXO 5D LFM Lighter Duty LED Magnifier**
- cost effective LED magnifier
- dimmable 7W LED light source
- 5” diameter, 5D (2.25X) optical quality glass lens
- flexible, spring balanced arm for variable positioning

18346 45" arm reach clamp on $151.95

Big Eye High Intensity 2X Magnifying Desk and Floor Lamps

Very bright light brightens the 5” distortion-free acrylic lenses that are either attached to the lamp frame or on a separate flexible arm.

The desk lamp
- the heavy cast-iron base give the lamps stability
- #369072 has the magnifier on a separate flexible arm
- #369045 has the 2X lens attached to the lamp’s frame
- lamps come with two 40W high-intensity bulbs

```
369072  Desk Lamp Double Arm  $120.95
369045  Desk Lamp Single Arm  89.95
```

Add-On Lens/Extra Bulb
Lens measures 4.5” in diameter and attaches directly to the lamp for additional 2X magnification.

```
369047  Add-On Lens  $25.95
369050  Extra Bulb   2.95
```

LED Floor Lamp with 2X Magnifier
- 7”, 2X magnifier made of fine optical glass provides a large area for magnified viewing
- 60 super bright LED bulbs form a ring of bright illumination around the magnifier
- magnifier height is adjustable from 34” to 45”
- heavy base adds extra stability so that the lamp does not wobble

```
401099  $149.95
```

The floor lamp
- telescoping stand adjusts from 30” to 60” including the 18” chrome gooseneck at the top
- Shorter model adjusts from 22” to 44”

```
369067  Floor Lamp Single Arm Standard  $155.95
369090  Floor Lamp Single Arm Short    129.95
369200  Floor Lamp Double Arm Standard Extra Shipping  168.95  10.00
```

CAN-DO™ 1.75X Enriched View Magnifier Lamp
- 7.5 x 6” lens is lit on both sides by 9W fluorescent bulbs.
- 5-legged caster base rolls smoothly over surfaces
- hinged arm can extend 39” from the 21” base section
- clamp supplied for attaching the upper section to a table

```
369228  $99.95
```

Extra Shipping 20.00

Chromalux Bulbs
These bulbs filter out yellow rays that dull visual perception. They enhance original colors and textures, lasting approximately twice that of incandescent bulbs.

```
172875  60W Frosted  $7.45
173405  75W Frosted  7.95
172880  100W Frosted 8.45
173450  3-Way (50/100/150)  10.95
```

- teaching tool for Braille learners
- 12 pegs for 2 braille cells
- box with sliding top stores pegs when not in use
127509  $6.95

Braille Wall or Desk Calendar
- page size 8.5” x 11”
- one page per month
#309100  $15.95
Victor Reader Trek Talking GPS

Victor Reader Trek is a handheld talking GPS for people who are blind or visually impaired. It also incorporates all of the simple book reading and media playback experience of the Victor Reader Stream, giving you two great devices in one!

- verbally announces names of streets, intersections, and landmarks
- can locate a location by typing in the address, searching for a landmark, or pulling up a pre-recorded route
- different directions for pedestrian versus vehicle navigation

1424570 $699.00

Sunu Band Mobility Guide and Smart Watch

Wrist worn smart watch uses sonar technology to provide haptic (vibration) feedback regarding the user’s surroundings and other information. Used along with a guide dog or white cane, it can provide information on obstacles that are above ground level.

- navigation mode has short range which senses objects up to 5 feet; long range mode senses objects 16 feet away
- smart watch can tell the time and create alarms using vibration patterns
- free Android or iOS app will allow for future upgrades and can be used to customize the sonar range, sensitivity and vibration intensity

142411 $299.00

Miniguide Mobility Aid

The Miniguide Mobility Aid is a handheld device that uses ultrasonic echo location to detect objects in front of the walker. Vibration rates increase as the walker gets closer to the object. The Miniguide should be used as a complement to a white cane or guide dog.

- 5 different detection ranges can be set from 1.5 feet to 24 feet, depending on the user’s environment and skill level
- preferred ranges can be set up on a “preset” setting for toggling between 3 preset ranges
- audio feedback is available both for training purposes or as an alternative to vibration, when used with an earphone
- uses 1 CR123 lithium battery, included

142422 $499.00

BuzzClip Mobility Guide

Small, discreet BuzzClip provides hands free detection of waist or head level obstacles. It clips on to an article of clothing and vibrates with increasing intensity as the user gets closer to an object. To be used as a complement to a white cane or guide dog.

- 2 sensitivity ranges of 3 feet or 6 feet
- 6 horizontal feet range has a 3 feet vertical range, covering head height objects when clipped to a shirt lapel
- can be used indoors or outdoors
- rechargeable battery lasts 10 hours on a charge

142409 $249.00

Columbus Talking Compass

A hand-held device announces the major compass points and the interim points. Measures 2.75” x 2” x 1” and weighs less than 4 ounces and fits comfortably in the hand. Speaks in English or Spanish. Requires two 12V batteries (Included).

182355 Compass $68.95 272602 Single 12 Volt Battery 1.99
AMBUTECH CANES

Ambutech mobility canes are available in a wide variety of materials (graphite, aluminum, and fiberglass), tips, colors, lengths, and section counts. If you don’t see the configuration you are seeking, please ask a sales or customer service representative for assistance.

Ambutech Premium Aluminum Folding Mobility Cane

Constructed of heavy-gauge aluminum creating strong joints and excellent tactile transmission. They are easy to fold and have an extra knot that enables easy replacement of the hook style tip. Canes are available in 2” increments from 36” to 60” in 4, 5 or 6 sections, depending on desired length.

Ambutech Premium Graphite Mobility Canes

Ambutech's graphite canes are lighter, more flexible, and stronger than comparable aluminum canes. New conical joint design provides superior tactile transmission and allows the canes to fold and unfold with ease. Canes below have hook style tips and are available in 2” increments from 36” to 60,” in a one piece rigid style, or in 4, 5, or 6 sections, depending on desired length.

Williams Sound Pocketalker Ultra® with Choice of Headset Styles

Amplifies nearby sounds while reducing background noise. Features a lightweight design for portability. Offers adjustable volume and tone control to customize your listening environment whether your hearing loss is low-frequency or high-frequency sounds.

- 12-foot extension cord lets you place the microphone near a TV or a conference table
- measures 3.4” x 2.25” x 1”; weighs 2.5 oz.
- 100-hour battery life
- 2 AAA batteries (INC)

617736 Headset & Single Earbud $139.00
617741 Dual Earbud Headset 139.00
617742 Rear-Wear Headset 139.00
617743 Wide Range Headset 139.00
617744 Neckloop 159.00

Additional Microphones

Attach these microphones to the Pocketalker to enhance a speaker’s voice in a challenging listening environment.

M311-U 90° Bendable Unidirectional
MIC113 $49.95
M312-U 180° Bendable Unidirectional
MIC114 $59.95
MM100 Handheld
MIC104 $84.95
MM200 Conference
MIC112 $89.95

WEAR Assistive Listening Device

The Wear ALD uses patent pending technology with 10 directional microphones to amplify close sounds (< 6 feet away) and not amplify far noises. This way the user hears only the person speaking and not distracting background noises. The directional arrangement of array microphones means that the user does not have to point the device in the direction of the speaker. The 2” diameter Wear clips onto a user’s clothing via a magnet, providing hands-free amplification with adjustable volume for the listener. Uses a rechargeable battery.

617720 $139.00
HA HA Personal Communicator

This handheld, personal amplifier is a great little portable device for amplifying quick conversations around you. Hold the speaker directly against your ear, and the microphone on the other side picks up the conversation and amplifies it through the handset.

- adjustable volume control, up to 45dB gain
- recharges while in its cradle
- cradle also sterilizes the handset so it can be used by anyone needing amplification
- measures 2.1” x 5.6” x 1.7”
- includes storage bag

617739  $149.95

Comfort Audio Duett Assistive Listening Device

The small, stylish Duett features high-quality sound amplification, plus optional modules to amplify television or telephone conversations. A built-in T-coil allows you to use the Duett in rooms equipped with a loop system.

- amplifier automatically turns on when headset is lifted from the base unit
- useful for one-on-one or group conversations
- rechargeable battery provides 15-20 hours of operation
- measures 3.4” x 2.5” x 1” and weighs 1.75 oz.

SuperEar Plus® Deluxe Personal Sound Amplifier

Picks up sounds up to 100 yards away using a multi-element, high-sensitivity 90-degree swiveling microphone. Ideal for those with a moderate hearing loss while watching television or in the theater, meetings, lectures, worship services or during simple conversations. Redesigned microphone and carrying case help eliminate case noise. Includes headphones and earbuds

617128  $59.95

Stealth Amplifier

Assistive listening device looks like a regular cell phone ear piece and doesn’t draw attention to itself as a hearing device.

- amplifies sound up to 50dB, with variable control
- rechargeable battery with charger
- lightweight and compact
- includes 3 sets of soft ear tips to create an optimal fit

617721  $39.95

TV SoundBox®

Portable and wireless speaker brings stereo TV sound right in front of you so you don’t have to listen from across the room.

- volume control works independently of the television volume, allowing you to turn the TV down or even completely off
- high fidelity speakers deliver loud, life-like sound and crystal clear dialog
- Adjustable Voice Enhancing makes each word fully intelligible and easier to comprehend
- Built-in rechargeable battery (up to 8 hours of listening time)

812458  $149.95
**NoiZfree® Headsets – Solutions for Hearing Aids & Cochlear Implants**

NoiZfree products have lightweight hooks that rest next to your hearing aid and transfer sound from your cellular and cordless phone or audio source using the telecoil. This provides you with increased sound clarity and speech comprehension. NoiZfree products provide you with solutions for one or both ears. If one of your ears has normal hearing, use the NoiZfree HR model, which incorporates a hook for your hearing instrument and a standard earbud for the other ear. Enjoy conversations with crisp sound and clarity on your cellular phone or plug it in any audio device such as MP3 players, stereo systems, or TVs. Use PC-Twin for your home, work or laptop computer.

**NoiZfree One (Single Ear)**
- HED029 2.5mm Cellular plus 3.5mm Audio Adaptor $34.95
- HED030 3.5mm Audio $34.95

**NoiZfree Twin (Both Ears)**
- HED034 2.5mm Cellular plus 3.5mm Audio Adaptor $39.95
- HED036 3.5mm Audio $39.95

**NoiZfree HR (Hook & Receiver)**
- HED032 2.5mm Cellular plus 3.5mm Audio Adaptor $39.95

**NoiZfree Beetle H-2™ Bluetooth Enabled Headset for Hearing Aid Users**

The Beetle H-2 Speech is a lightweight mini Bluetooth® headset for use with cell phones. It interfaces with Bluetooth compatible cell phones and transmits speech directly to the user’s hearing instrument via the special T-coil hook. Beetle H-2ST Stereo offers unparalleled clarity for voice and music. Use it with your Bluetooth equipped cell phone to improve your conversations or even listen to your favorite music. Choose between the included special T-coil hook or the neckloop or audioboot, which connects directly to your hearing aid.

- HED051 H-2 Mobile Phone $74.95
- HED053 H-2ST Phone & Music $89.95
- HED068 H-3ST Phone & Music Twin Headset $99.95
- HED069 H-2ST Audio Shoe Connectivity $99.95

**Blue Freedom Bluetooth Audio Amplifiers for BTE’s**

The Blue Freedom audio amplifiers send sound directly from an audio device to a behind-the-ear (BTE) hearing aid. The small, thumb-sized Freedom pairs to a Bluetooth device, clips onto a shirt or coat lapel, and then directly plugs into a BTE. Sound from the audio device then goes directly into the hearing aid, delivering the clearest sound from your audio device. Adjustable volume.

- SED106 works with any Bluetooth audio device or mobile phone and features buttons on the device for controlling music and phone calls. Plugs for dual BTE’s.
- SED108 works only with Bluetooth telephones

- SED106 $74.95
- SED108 $59.95

**Hatis T-Coil Cell Phone Connector**

Receive greater clarity from your cell phone phone conversation with the Freedom earpiece. Position the earpiece between your T-Coil equipped hearing aid and your head, and plug the other end into the earphone jack of phone. Telephone sound is amplified directly through the T-Coil.

- H316 Freedom single earpiece, cell phone only, in-line microphone
  - H316 $89.95

#SED106

#H316
Neckloop 30dB Audio Amplifiers
Designed to be used by people using hearing aids equipped with a T-Coil, these 30dB amplifiers connect to an audio device, such as a cell phone, cordless phone or MP3 player and then deliver amplified sound from that device to the T-Coil through the T-Coil magnetic coupling.

ClearSounds Neckloops
- built in microphone for telephone use
- use 2 AAA batteries (included)
- 608506 uses included cables to connect to audio devices
- 617129 uses Bluetooth to connect to any Bluetooth audio device

ALERTING SYSTEMS
Alerting systems can alert deaf and hard of hearing people to important activities around the house. They can notify user of doorbells, phones, smoke or CO detectors, crying babies, or weather alert alarms. Many systems come with a base receiver and several basic accessories such as a doorbell transmitter and a bed shaker.

Serene Central Alert System CA360
- uses 2.4GHz transmission for a 200’ operating range
- base receiver includes a big and bright alarm clock, bright built in flasher, selectable loud audio sounds, and visual icons
- master package includes master receiver, wireless doorbell, and bed shaker
- additional accessories available for audio alarms, baby cries, motion detector, door chime or intercom, NOAA storm alert, or remote receiver to any Bluetooth audio device

**Clarity Alertmaster, AL10**
The AlertMaster AL10TM Visual Alert System monitors the telephone, doorbell, and various sounds and motion within its environment, and provides either a flashing light in various patterns or a bed vibration when one of those activities takes place. It is easy to use and easy to see because of the simplified design with large, backlit icons, large 3.5" display, and alarm clock. Base unit includes the main receiver, bed shaker, and wireless doorbell. Additional transmitters may be required for different types of activities.

Amplified Corded Telephones with Assorted Features by Future Call
Future Call telephones provide 40 dB of amplification, large keypads and visual ring alerts.
■ 812534 has a 2-way speakerphone, twelve memory buttons and one emergency button
■ 812538 offers one-touch photo dialing on a jumbo keypad for ten often-used numbers
■ 812540 and #812535 contain jumbo keys, easy memory buttons and a 2-way speakerphone
■ all phones are LINE POWERED - no batteries or AC adaptor is ever needed and the phonebook and memory are never lost
812534  $34.95
812538  48.95
812540  34.95
812535  45.00

Amplified Business Telephones
Sophisticated business telephones provide 40dB or 50dB of amplification in either 1 line or 2 line phones. Phones can digitally adjust frequency-specific volumes so that any user, especially those in noisy environments, can comfortably hear a caller's voice. The conference grade speaker phone restores low-frequencies sounds to deliver a crisp acoustic experience only found in high end phones. Huge 7.4”, 3 line display is easy to read, even from a distance.
■ automatic activation for frequency specific amplification
■ RJ22 and 2.5mm headset jacks with built in amplification
■ 99 name directory
■ 7 one-touch memory dials
■ one touch call forwarding

Clarity® Pro XLC3 DECT 6.0 Cordless Amplified Talking Phones

With incoming amplification up to 50+ dB and outgoing speech up to 15 dB this phone is an ideal solution for severe hearing loss and low speech. Four tone settings, large font, and a high contrast screen also assist individuals with low vision and limited mobility. The large backlit buttons as well as the talking keypad, speakerphone and talking caller ID make this an ideal solution for seniors as well.

- Illuminated talking dial pad with large buttons that speak the number that is pushed
- Extra loud ringer (95 dB) with adjustable tones
- Expandable up to 4 handsets
- Super bright visual ringer with voicemail indicator
- TIA-1083 compliant and hearing aid compatible with a direct connection to assistive listening devices or headset (2.5mm or 3.5mm)
- Dual power battery backup (INC) enables you to make calls when the power is out

#186274 Clarity D714 $104.95
#186273 Clarity D704 89.95
#186275 Expandable Handset 59.95
Voice Tester
The VoiceTester was specifically designed to demonstrate and compare the performance and features of corded and cordless amplified telephones. When you pick up the connected phone, it automatically plays a pre-recorded voice message, in both a male’s and a female’s voice, to simulate someone talking on the phone. You can connect two phones to the VoiceTester so that you can compare two phones simultaneously.

Super Loud Phone Ringer
- super-loud 95 dB ring
- visual ring indicator flashes brightly to catch your attention
- adjustable ring volume and tone control
- choose from 4 distinct ring patterns
- AC Powered

SA250  $45.95
TELEPHONE RINGERS & AMPLIFIERS

**SOFTWARE RETURN POLICY**

All software is not returnable once opened. If for any reason you ordered the wrong software or received the wrong software in error, please contact customer service immediately at 800.537.2118 for a return merchandise authorization (RMA). We can only accept software returns if it is in the original, sealed packaging from the manufacturer.

**Reticare Blue Blocker Screen Protection**

Newer digital devices such as tablets, laptops, and smart phones emit 5 times more high energy light than previous devices. High exposure to this light increases eye strain and could increase risk factors for the retina, including macular degeneration. It also can disrupt sleep patterns. Reticare screen covers help block this harmful blue light and reduce eye strain.

HOW TO ORDER

Orders from individual customers must be prepaid, either by check, money order, MasterCard, VISA, American Express or Discover. Make checks payable to “Independent Living Aids”.

ORDER CONFIRMATION
If you supply your e-mail address, a confirmation of your order and a tracking number will be e-mailed to you.

SHIPPING INFORMATION
Standard shipments are sent by UPS or USPS within the Continental USA. Third day, second day or overnight delivery is available at an extra charge, depending on the weight of the shipment. Please call for pricing for Canadian and all international orders. Extra shipping charges may apply to some items, and this is indicated near the purchase price. Please add this amount to the “Extra Shipping” charges shown at the bottom of the order form.

RETURNS
If any product does not satisfy your needs, it may be returned within 60 days. Special orders are not returnable. Before returning any item, call 1.800.537.2118 to obtain a Return Merchandise Authorization (RMA). Refunds and credits are issued for the value of the merchandise, but not for the shipping and processing fee. To be acceptable for return, items must be in resellable condition and in their original manufacturer’s boxes with all instructions and warranties. THE MANUFACTURER’S BOX MUST NOT HAVE STICKERS, STAMPS OR WRITING ON IT, OR A RESTOCKING AND REBOXING FEE WILL BE ASSESSED.

When a manufacturer’s restocking fee is indicated next to an item, it will be deducted from the refund. Because of health department regulations, we cannot accept returns of items that have been used on or in the body, such as thermometers, ear/eye care products, manicuring aids, earbuds, etc. Opened computer software is also not returnable.

DAMAGED MERCHANDISE
If an order arrives damaged, ILA must be notified within 24 hours. The product and all packaging material must be retained until the matter is resolved with the shipping carrier.

PRODUCT WARRANTIES
Unless otherwise indicated, ILA warrants products for 60 days. After this period, the manufacturer’s warranty applies and customers need to contact the manufacturer for repair or replacement of the item. Whenever possible, ILA will assist the customer with contacting the manufacturer. Please note that warranties cover defects in workmanship and material. They do not cover breakage or damage to the product resulting from customer abuse.

NEW YORK STATE shipments are subject to sales tax, including tax on the shipping and processing fee. If you are an organization claiming tax exemption, provide a copy of your exempt organization certification, or resale certificate.

PLEASE NOTE
Independent Living Aids is not responsible for typographical errors. Prices listed in this catalog supersede all previous catalogs. After our catalogs have been printed, manufacturers sometimes change specifications or prices of products or discontinue them completely. We therefore reserve the right to change prices or substitute items of equal or higher value. These items are fully returnable if they do not meet with your satisfaction.
