Safe Harbor Statements

This presentation contains forward-looking statements within the meaning of the federal securities laws. These statements relate to anticipated future events, future results of operations or future financial performance. In some cases, you can identify forward-looking statements by terminology such as “anticipate”, “believe”, “continue”, “could”, “estimate”, “expect”, “goals”, “intend”, “likely”, “may”, “plan”, “potential”, “predict”, “project”, “will” or the negative of these terms or other similar terms and phrases.

Our operations involve risks and uncertainties, many of which are outside our control, and any one of which, or a combination of which, could materially affect our results of operations and whether the forward-looking statements ultimately prove to be correct. Forward-looking statements in this presentation include, without limitation, statements reflecting management’s expectations for future financial performance and operating expenditures, expected growth, profitability and business outlook, increased sales and marketing expenses, and the expected results from the integration of our acquisitions.

Forward-looking statements are only current predictions and are subject to known and unknown risks, uncertainties, and other factors that may cause our actual results, levels of activity, performance, or achievements to be materially different from those anticipated by such statements. These factors include our ability to:

- Manage our growth, including acquiring, partnering with, and effectively integrating CareCloud and other acquired businesses into our infrastructure;
- Retain our clients and revenue levels, including effectively migrating new clients and maintaining or growing the revenue levels of our new and existing clients;
- Maintain operations in Pakistan and Sri Lanka in a manner that continues to enable us to offer competitively priced products and services;
- Keep pace with a rapidly changing healthcare industry;
- Consistently achieve and maintain compliance with a myriad of federal, state, foreign, local, payor and industry requirements, regulations, rules, laws and contracts;
- Maintain and protect the privacy of confidential and protected Company, client and patient information;
- Protect and enforce intellectual property rights;
- Attract and retain key officers and employees, and the continued involvement of Mahmud Haq as executive chairman, all of which are critical to our ongoing operations, growing our business and integrating of our newly acquired businesses;
- Comply with covenants contained in our credit agreement with our senior secured lender, Silicon Valley Bank and other future debt facilities;
- Pay our monthly preferred dividends to the holders of our Series A Preferred Stock;
- Compete with other companies developing products and selling services competitive with ours, and who may have greater resources and name recognition than we have; and,
- Keep and increase market acceptance of our products and services.

Although we believe that the expectations reflected in the forward-looking statements contained in this presentation are reasonable, we cannot guarantee future results, levels of activity, performance, or achievements.

In our earnings releases, prepared remarks, conference calls, slide presentations, and webcasts, we may use or discuss non-GAAP financial measures, as defined by SEC Regulation G. The GAAP financial measure most directly comparable to each non-GAAP financial measure used or discussed, and a reconciliation of the differences between each non-GAAP financial measure and the comparable GAAP financial measure, are included in the Appendix to this presentation. Our earnings press releases containing such non-GAAP reconciliations can be found in the Investor Relations section of our web site at ir.mtbc.com.

The statements in this presentation are made as of the date of this presentation, and the Company does not assume any obligations to update the forward-looking statements provided to reflect events that occur or circumstances that exist after the date on which they were made.

Proven & Repeatable Acquisition Integration Expertise

October 2016  July 2018  April 2019

- Reduction of expenses by over 60% in the first 3 quarters after closing
- Standard procedure:
  - Replace offshore subcontractors with MTBC’s global team
  - Use MTBC’s technology to streamline workflows
  - Reduce administrative burden of U.S. team so they can focus on client experience
- Acquisitions typically reduce adjusted EBITDA for 1-2 quarters, and are accretive by the 3rd or 4th quarter

For Orion, the practice management segment and group purchasing organization were profitable before acquisition, so expense reductions focused on RCM business only.
