Only holders of record of our common stock on March 24, 2014 (the “Record Date”) are entitled to vote at the meeting. If your shares are owned of record in the name of a broker or other nominee, you should follow the voting instructions provided by your nominee. Each holder of record of our common stock at the close of business on the Record Date is entitled to one vote per share on each matter to be voted upon by our stockholders at the meeting. As of the Record Date there were 11,127,926 shares of common stock issued and outstanding.

Voting and Revocability of Proxies

Our Board is soliciting the accompanying proxy for use at the meeting. Stockholders of record as of the Record Date can vote their proxy via one of three ways. It is not necessary to mail your proxy card if you are voting by internet or fax. If you have questions in regards to your proxy, or need assistance in voting, please contact our independent proxy tabulator, Issuer Direct Corp. at 866.752.8683, proxy@iproxydirect.com.

VOTE BY FAX: Please mark, sign and date this proxy card promptly and fax to **202-521-3464**.

VOTE BY INTERNET: www.iproxydirect.com

If you submit a proxy using one of the methods described above, your proxy may be revoked at any time prior to its use by: (1) delivering to our secretary a signed notice of revocation or a later dated proxy, (2) attending the meeting and voting in person, or (3) giving notice of revocation of the proxy at the meeting. Attendance at the meeting will not in itself constitute the revocation of a proxy. Prior to the meeting, any written notice of revocation should be sent to Crexendo, Inc., 1615 South 52nd Street, Tempe, AZ, 85281 Attention: Corporate Secretary. Any notice of revocation that is delivered at the meeting should be hand delivered to our corporate secretary before the vote is taken. A stockholder may be requested to present identification documents for the purpose of establishing such stockholder's identity. The last valid vote you submit chronologically will supersede your prior vote(s).

Shares of our common stock, represented by properly executed proxies, will be voted in accordance with the instructions indicated on such proxies. If no specific instructions are given, the shares will be voted FOR the election of each of the nominees for director set forth herein and FOR ratification of the appointment of Deloitte & Touche, LLP to serve as our independent registered public accounting firm for our year ending December 31, 2014. In addition, if other matters come before the meeting, the persons named in the accompanying form of proxy will vote in accordance with their best judgment with respect to such matters. We are not aware of any other matters to be submitted to a vote of stockholders at the meeting.

One or more inspectors of election, duly appointed for that purpose, will count and tabulate the votes cast and report the results of the votes at the meeting to our management. Your vote at the meeting will not be disclosed except as needed to permit the inspector to tabulate and certify the votes, or as is required by law.

Quorum, Voting Requirements and Effect of Abstentions and Broker Non-Votes

At the meeting, the inspector of election will determine the presence of a quorum and tabulate the results of the voting by stockholders. The holders of a majority of the total number of outstanding shares of our common stock that are entitled to vote at the meeting (at least 5,563,963 shares) must be present in person or by proxy in order to have the quorum that is necessary for the transaction of business at the meeting. Shares of our common stock represented in person or by proxy (including shares that abstain or do not vote with respect to one or more of the matters to be voted upon) will be counted for purposes of determining whether a quorum exists. If a quorum is not present, the meeting will be adjourned until a quorum is obtained.

The nominees for director who receive a plurality of the votes cast by the holders of our common stock, in person or by proxy at the meeting, will be elected. Abstentions and broker "non-votes" are not counted for purposes of the election of directors. A "non-vote" occurs, with respect to a proposal, when a broker or nominee holding shares for a beneficial owner does not have discretionary voting power and has not received instructions from the beneficial owner. Approval of the proposal to ratify the appointment of Deloitte & Touche LLP to serve as our independent registered public accounting firm for the year ending December 31, 2014 requires that the votes cast in favor of the proposal must exceed the votes cast against the proposal. Abstentions and broker "non-votes" will not affect the outcome of the vote on those two proposals. A broker "non-vote" is not counted for purposes of approving a proposal. Stockholders have no dissenters' or appraisal rights in connection with the proposals to be presented at the meeting.

Expense of Solicitation of Proxies

We will pay the cost of soliciting proxies for the meeting. In addition to solicitation by mail, our directors, officers and employees, without additional pay, may solicit proxies by telephone, telecopy, e-mail or in person. Arrangements will be made with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy material to their principals, and we will reimburse them for their expenses in so doing.

PROPOSAL I
ELECTION OF DIRECTORS

At the meeting, three Class I directors are to be elected for a term ending at the 2016 annual meeting of our stockholders, or until each of their respective successors has been duly elected and qualified. One-half of the directors are elected at each annual meeting of stockholders. The Class I directors elected at the meeting will serve until our 2016 annual meeting of stockholders.

We intend that valid proxies received will be voted, unless contrary instructions are given, to elect the three nominees named in the following table to serve as Class II directors. Should any nominee decline or be unable to accept such nomination to serve as a director, an event that we do not currently anticipate, the persons named in the enclosed proxy reserve the right, in their discretion, to vote for a lesser number of or for substitute nominees designated by our Board, to the extent consistent with our certificate of incorporation and our bylaws.

All of our directors are invited, but not required, to attend the annual meeting. One director attended the 2013 annual meeting.

Information about Committees of our Board of Directors

Our Board of Directors has established three committees, the Audit Committee, comprised of Messrs. Williams (chairman), Goergen and Dr. Puri, the Compensation Committee comprised of Messrs. Goergen (chairman), Bash and Mihaylo, and the Nominating Committee, comprised of Messrs. Bash (chairman), Goergen, and Williams. Our Board of Directors has determined that each of these persons is "independent" under the rules of the New York Stock Exchange - MKT and applicable regulatory requirements.

Audit Committee

Mr. Williams serves as Chairman of our Audit Committee. Our Audit Committee held four meetings during the year ended December 31, 2013 and operates under a charter adopted by our Board on March 23, 2004 and amended and restated on August 9, 2006. The charter is available on our website at www.crexendo.com. Our Audit Committee is responsible for reviewing and discussing our audited financial statements with management, discussing information with our auditors relating to the auditors' judgments about the quality of our accounting policies and procedures, recommending to our Board that the audited financials be included in our Annual Report on Form 10-K and overseeing compliance with the Securities and Exchange Commission requirements for disclosure of auditors' services and activities.

Our Board of Directors has determined that David Williams, Chairman of our Audit Committee, is an audit committee financial expert as defined in Item 407(d) of Regulation S-K under the Securities Exchange Act of 1934, as amended. It also administers our stock option and incentive compensation plans and recommends the establishment of and monitors the compensation and incentive program for all our executives.

The Compensation Committee did not retain a compensation consultant during the years ended December 31, 2013 and 2012.

Our senior management works closely with the Compensation Committee to evaluate and recommend compensation for our other officers and employees. In addition, the CEO makes recommendations to the Compensation Committee regarding compensation for our other executives.

Nominating Committee

Mr. Bash serves as the Chairman of our Nominating Committee. Our Nominating Committee, which held one meeting since our last annual meeting, reviews and suggests candidates for election or appointment to our Board, and operates pursuant to our Nominating Committee Charter, a current copy of which is posted on our website at www.crexendo.com. Our Nominating Committee may attempt to recruit persons who possess the appropriate skills and characteristics required of members of our Board. Our Nominating Committee may use any reasonable means for recruitment of potential members including their own expertise or the use of one or more third-party search firms to assist with this purpose.

In the course of reviewing potential director candidates, the Nominating Committee considers nominees recommended by our stockholders. When considering a potential candidate for service as a director, the Nominating Committee may consider, in addition to the minimum qualifications and other criteria approved by our Board, all facts and circumstances that the Nominating Committee deems appropriate or advisable, including, among other things, the skills of the proposed director candidate, his or her availability, depth and breadth of business experience or other background characteristics, his or her independence and the needs of our Board. At a minimum, each nominee, whether proposed by a stockholder or any other party, is expected to have the highest personal and professional integrity, demonstrate sound judgment and possesses the ability to effectively interact with other members of our Board to serve the long-term interests of our company and stockholders. In addition, the Nominating Committee may consider whether the nominee has direct experience in our industry or in the markets in which we operate and whether the nominee, if elected, assists in achieving a mix of Board members that represent a diversity of background and experience. The procedures to be followed by stockholders in submitting such recommendations are described below in the section entitled “Submission of Securities Holder Recommendations for Director Candidates.”

Independence of our Board of Directors

Under the New York Stock Exchange - MKT Equities Stock Exchange listing standards, a majority of the members of a listed company’s board of directors must qualify as “independent,” as affirmatively determined by its board of directors. Our Board consults with our legal counsel to ensure that our Board’s determinations are consistent with relevant securities and other laws and regulations regarding the definition of “independent,” including those set forth in pertinent listing standards of the New York Stock Exchange MKT Equities Stock Exchange, as in effect from time to time.

Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his or her family members, and our company, our senior management and our independent auditors, our Board has affirmatively determined that the following four directors are independent directors within the meaning of the applicable rules of the New York Stock Exchange MKT Equities Stock Exchange: Mr. Goergen, Mr. Williams, Mr. Bash and Dr. Puri. In making this determination, our Board found that none of these directors or nominees for director had a material or other disqualifying relationship with the Company.

Leadership Structure

Our Chief Executive Officer serves as the Chairman of the Board. We believe that this leadership structure is appropriate due to the nature of our business. Mr. Mihaylo’s experience in leadership positions throughout our company during his tenure, as well as his role in developing and executing the strategic plan, is critical to our future results. Mr. Mihaylo was able to utilize his in-depth knowledge and perspective gained in running our company to effectively and efficiently guide the full Board by recommending Board and committee meeting agendas, leading Board discussions on critical issues and creating a vital link among the Board, management and stockholders. Our Board believes this structure serves our stockholders by ensuring the development and implementation of our company’s strategies.

Risk Oversight

Our primary risk consists of managing our operations within the current environment of being a start-up hosted service provider. Our Network Services segment products and services are sold nationwide and our success is dependent on that being managed effectively. In general, our Board, as a whole and also at the committee level, oversees our risk management activities. Our Board annually reviews management’s long-term strategic plan and the annual budget that results from that strategic planning process. Using that information, our Compensation Committee establishes both the short-term and long-term compensation programs that include all our executives (including the named executive officers identified in the Summary Compensation Table on page 19 (the “NEOs”). These compensation programs are ratified by our Board, as a whole. The compensation programs are designed to focus management on the performance metrics underlying the operations

of the Company, while limiting risk exposure to our company. Our Board receives periodic updates from management on the status of our operations and performance (including updates outside of the normal Board meetings). Finally, as noted below, our Board is assisted by our Audit Committee in fulfilling its responsibility for oversight of the quality and integrity of our accounting, auditing and financial reporting practices. Thus, in performing its risk oversight our Board establishes the performance metrics, monitors on a timely basis the achievement of those performance metrics, and oversees the mechanisms that report those performance metrics.

Code of Business Conduct

We have adopted a Code of Business Conduct and Ethics applicable to our directors, officers and employees. A copy of this code is posted on our website at www.crexendo.com. In the event that we amend or waive any of the provisions of the Code of Business Conduct and Ethics applicable to our Chief Executive Officer, Chief Financial Officer, we intend to satisfy our disclosure obligations under Item 5.05 of Form 8-K by posting such information on our website.

Certain Relationships and Related Transactions

Our Audit Committee is responsible for review and, as it determines appropriate, approval or ratification of “related-party transactions” between our company and related persons or entities, other than executive compensation decisions which are addressed by our Compensation Committee. We have adopted policies and procedures that apply to any transaction or series of transactions in which our company or a subsidiary is a participant, the amount involved exceeds \$10,000, and a related person or entity has a direct or indirect material interest. Our Audit Committee has determined that, barring additional facts or circumstances, a related person or entity does not have a direct or indirect material interest in any of the following categories of transactions:

- any transaction with another company for which a related person’s only relationship is as an employee (other than an executive officer), director, or beneficial owner of less than 10% of that company’s shares, if the amount involved does not exceed \$10,000;
- any charitable contribution, grant, or endowment by the company to a charitable organization, foundation, or university for which a related person’s only relationship is as an employee (other than an executive officer) or a director, if the amount involved does not exceed \$10,000;
- compensation to directors, for service as directors, determined by our Board;
- transactions in which all securities holders receive proportional benefits; or
- banking-related services involving a bank depository of funds, transfer agent, registrar, trustee under a trust indenture, or similar service.

Transactions involving related persons or entities that are not included in one of the above categories are reviewed by our Audit Committee. Our Audit Committee determines whether the related person or entity has a material interest in a transaction and may approve, not approve or take other action with respect to the transaction in its discretion.

Stockholder Communications

Stockholders and other interested parties who wish to communicate with non-management directors of the Company should send their correspondences to: Crexendo Non-Management Directors, Crexendo, Inc., 1615 South 52nd Street, Tempe, Arizona 85281, or by email to nonmanagementdirectors@crexendo.com. All communications are forwarded directly to the appropriate non-management director.

Submission of Security Holder Recommendations for Director Candidates

All security holder recommendations for director candidates must be submitted in writing to the Secretary of our company, Jeffrey G. Korn, at 1615 South 52nd Street, Tempe, Arizona 85281, who will forward all recommendations to the Nominating Committee. All security holder recommendations for director candidates must be submitted to our company not less than 120 calendar days prior to the date on which the company’s Proxy Statement was released to stockholders in connection with the previous year’s annual meeting of stockholders. and background of the proposed director candidate which addresses the minimum qualifications and other criteria for directors approved by our Board from time to time, (5) a description of all arrangements or understandings between the security holder and the proposed director candidate, (6) the consent of the proposed director candidate to be named in the proxy statement, to have all required information regarding such director candidate included in the applicable proxy statement, and to serve as a director if elected, and (7) any other information regarding the proposed director candidate that is required to be included in a proxy statement filed pursuant to the rules of the Securities and Exchange Commission.

Director Compensation

Our non-employee directors previously received a combination of cash and equity as compensation for their service to the company. As of July 1, 2013, cash compensation was discontinued until the Company regains profitability. The annual pay package for non-employee directors is designed to attract and retain highly qualified professionals to represent our stockholders. We also reimburse our directors for travel, lodging and related expenses they incur on company-related business, including Board and committee meetings. In setting director compensation, we consider the amount of time that directors spend in fulfilling their duties to the Company as well as the skill level required by our directors. Directors who are also employees receive no additional compensation for serving on our Board. For the year ended December 31, 2013, non-employee director compensation consisted of the following.

Cash Compensation. For the year ended December 31, 2013, all of our non-employee directors received a monthly cash retainer of \$2,500 through June 30, 2013.

On March 18, 2013, we granted to each non-employee director an option to purchase 10,000 shares of common stock at an exercise price of \$2.45, which price was not less than 100% of the fair market value of an underlying share of common stock on the date of grant. Each such option was fully vested and exercisable on the date of grant. In conformity with accounting guidance, the option awards to our non-employee directors were valued using the Black-Scholes option-pricing model on the date of grant, which value was \$1.11 per share.

PROPOSAL II
RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM

At the meeting we will ask our stockholders to ratify the appointment of Deloitte and Touche LLP (“Deloitte”) as our independent registered public accounting firm to audit our consolidated financial statements as of and for the year ending December 31, 2014. A representative of Deloitte may be present at the meeting, and will have the opportunity to make a statement if he or she desires to do so and to respond to appropriate questions.

Stockholder ratification of the selection of Deloitte as our independent registered public accounting firm is not required by our bylaws or other applicable legal requirements. However, our Board is submitting the selection of Deloitte to the stockholders for ratification as a matter of good corporate governance. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether to retain Deloitte as our independent registered public accounting firm. Even if the selection is ratified, the Audit Committee, in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our best interests and in the best interests of our stockholders.

Approval of the proposal to ratify the appointment of Deloitte to serve as our independent registered public accounting firm for the year ending December 31, 2014 requires that the votes cast in favor of the proposal at the meeting must exceed the votes cast against the proposal.

The Board recommends a vote “FOR” the proposal to ratify the appointment of Deloitte as our independent registered public accounting firm for the year ending December 31, 2014.

Pre-Approval Policies and Procedures

The Audit Committee has adopted a policy and procedures for the pre-approval of audit and non-audit services rendered by our independent registered public accounting firm. The policy generally provides for the pre-approval of the scope of and fees for services in the defined categories of audit services, audit-related services, and tax services. Pre-approval is usually provided by the Audit Committee on a project-by-project basis before the independent registered public accounting firm is engaged to provide that service, and for de minimus projects only, pre-approval is provided with a not-to-exceed fee level determined for a group of such de minimus projects. The pre-approval of services may be delegated to the Chairman of the Audit Committee, but the decision must be reported to and ratified by the full Audit Committee at its next meeting.

EXECUTIVE COMPENSATION AND OTHER MATTERS

Compensation Discussion and Analysis

The overall objective of our executive compensation program is to help create long-term value for our stockholders by attracting and retaining talented executives, rewarding superior operating and financial performance, and aligning the long-term interests of our executives with those of our stockholders. Accordingly, our executive compensation program incorporates the following principles:

- We believe that retaining experienced, competent, goal-oriented executives and minimizing executive turnover is in our stockholders’ best interests;

- We believe that a portion of our executives' compensation should be tied to measures of performance of our business as a whole and that such measures of performance should be non-discretionary;
- We believe that a portion of our executives' compensation should be tied to measures of performance within each executive's specific job responsibilities and that those measures should be as non-discretionary as possible;
- We believe that the interests of our executives should be linked with those of our stockholders through the risks and rewards of owning our common stock;
- We believe that a meaningful portion of each executive's long-term incentives, and merit increases will vary based upon individual performance;
- We believe that each executive's performance against corporate and individual objectives for the previous year should be periodically reviewed, and that the difficulty of achieving desired results in any particular year must be considered; and
- We believe that we should consider the ability of each executive to support our long-term performance goals; as well as each executive's ability to fulfill his or her management responsibilities and his or her ability to work with and contribute to our executive management team.

Executive Compensation Procedures

In conjunction with our efforts to achieve the executive compensation objectives and implement the underlying compensation principles described above, we follow the procedures described below:

Role of the Compensation Committee

The Compensation Committee periodically requests and receives survey data from our human resource department on the compensation levels and practices of companies that need executive officers with skills and experience similar to what we require, companies that are in the same or similar industries as us, and companies with market capitalizations and revenues similar to us. In early 2011 we obtained information on compensation amounts paid to executive officers in the software and networking industry from an independent company that collects compensation information on thousands of companies in the United States and applies a data processing methodology to generate reports on compensation levels for executive officers within specified industries, company sizes and geographical locations. The Compensation Committee uses this broad based survey information as a check on whether our compensation packages are consistent with current industry practices and are at a level that will enable us to attract and retain capable executive officers. We did not retain the services of a compensation consulting firm in 2013.

With respect to executives other than the Chief Executive Officer, the Compensation Committee seeks and receives recommendations from the Chief Executive Officer with respect to performance and appropriate levels of compensation. The Committee does not request or accept recommendations from the Chief Executive Officer concerning his own compensation.

The Compensation Committee's conclusions and recommendations on the compensation packages for our executive officers are based on the total mix of information from the sources described above, as well as the Committee Members' general knowledge of executive compensation practices and their personal evaluations of the likely effects of compensation levels and structure on the attainment of our business and financial objectives.

Each year, our senior management prepares a business plan and establishes goals for our company. The Compensation Committee reviews, modifies (if necessary), occasionally sets, and ultimately approves these goals, which are then incorporated into the company's business plan. Periodically throughout the year, the Compensation Committee compares Company goals against actual circumstances and accomplishments. The Compensation Committee may revise the Company's goals and business plan if they determine that circumstances warrant.

The Compensation Committee relies on its judgment in making compensation recommendations and decisions after reviewing our company's overall performance and evaluating each executive's performance against established goals, leadership ability, responsibilities within the company, and current compensation arrangements. The compensation program for NEOs and the Compensation Committee assessment process are designed to be flexible so as to better respond to the evolving business environment and individual circumstances.

The Compensation Committee may, in its discretion, delegate all or a portion of its duties and responsibilities to a subcommittee of the Compensation Committee consisting of one or more members of the committee. In particular, the Compensation Committee may delegate the approval of certain transactions to a subcommittee consisting solely of members of the committee who are (a) “Non-Employee Directors” for the purpose of Rule 16b-3 under the Securities Exchange Act of 1934, as in effect from time to time, and (b) “outside directors” for the purposes of Section 162(m) of the Internal Revenue Code, as in effect from time to time.

Elements of our Compensation Programs: What our Compensation Programs are Designed to Award and Why We Choose Each Element

Elements of Compensation. We implement the executive compensation objectives and principles described above through the use of the following elements of compensation, each of which is described in greater detail below:

- Base Salary
- Stock Option Awards
- Retirement Benefits
- Other Personal Benefits

The Compensation Committee evaluates overall compensation levels for each NEO in relation to other executives within our company and in relation to the NEO’s prior year compensation. The Compensation Committee also considers competing offers made to NEOs, if any. The Compensation Committee considers each element of compensation collectively with the other elements when establishing the various forms and levels of compensation for each NEO. The Compensation Committee approves compensation programs which it believes are competitive with our peers, such that the combination of base pay and performance-based bonuses results in an aggregate rate of cash salary, bonus compensation, equity awards and other benefits for our NEOs within competitive market standards.

In determining long-term equity awards to executives, the Compensation Committee considers total equity awards available under the Plan, the number of equity awards to be granted to each executive in relation to other executives, the overall compensation objective for each executive, and the number and type of awards to executives in prior years.

Base Pay. Base salaries of the NEOs are set at levels that the Compensation Committee believes are generally competitive with our market peers so as to attract, reward, and retain executive talent. The Compensation Committee may opt to pay higher or lower amounts depending on individual circumstances. The Compensation Committee sets the base pay of the Chief Executive Officer and the other NEOs after reviewing recommendations from our Chief Executive Officer. Annual adjustments are influenced by growth of our operations, revenues and profitability, individual performance, changes in responsibility, and other factors. The table below summarizes base pay for our NEOs as of December 31, 2013:

Name	Base Pay	Position
Steven G. Mihaylo	\$ -	Chief Executive Officer and Chairman of the Board
Doug Gaylor	\$ 200,000	Chief Operating Officer and President
Satish Bhagavatula	\$ 180,000	Chief Technology Officer
Jeff Korn	\$ 150,000	Chief Legal Officer
Ron Vincent	\$ 150,000	Chief Financial Officer

Stock Option Awards. The Compensation Committee grants discretionary, long-term equity awards to our NEOs under the Plan. These awards have historically been in the form of stock options. The Compensation Committee believes that stock option awards align the interests of NEOs with the interests of our stockholders and will incentivize the NEOs to provide stockholder value. The Compensation Committee believes that such grants provide long-term performance-based compensation, help retain executives through the vesting periods, and serve to align management and stockholder interests. In making awards under the Plan, the Compensation Committee considers grant size. Options vest only to the extent that the NEO remains a company employee through the applicable vesting dates, typically monthly over three - four years. We believe the three - four year vesting schedule assists in retaining executives and encourages the NEOs to focus on long-term performance.

We have granted stock options to our NEOs with an exercise price equal to the closing price per share on the date of the grant. We do not grant options with an exercise price below 100% of the trading price of the underlying shares of our common stock on the date of grant. Stock options only have a value to the extent the value of the underlying shares on the exercise date exceeds the exercise price. Accordingly, stock options provide compensation only if the underlying share price increases over the option term and the NEO’s employment continues with us until the vesting date.

In granting stock options to the NEOs, we also consider the impact of the grant on our financial performance, as determined in accordance with accounting guidance. For share-based equity awards, we record expense in accordance with accounting guidance. The amount of expense we record pursuant to accounting guidance may vary from the corresponding compensation value we use in determining the amount of the awards.

Retirement and Other Personal Benefits. All of our NEOs receive similar retirement and other personal benefits. We sponsor the Crexendo, Inc. Retirement Savings Plan (the “401(k) Plan”) for eligible employees. Our NEOs participate in the 401(k) Plan. The 401(k) Plan is a broad-based, tax-qualified retirement plan under which eligible employees, including the NEOs, may make annual pre-tax salary reduction contributions, subject to the various limits imposed under the Internal Revenue Code of 1986, as amended (the “Code”). We make matching contributions under the 401(k) Plan on behalf of eligible participants, including the NEOs, at the rate of 100% of the first one percent and 50% of each additional percentage of each participating NEO’s salary up to a six percent deferral, with a two-year vesting schedule for the matched portion. Matching contributions are not subject to non-discrimination requirements imposed by the Code. The 401(k) Plan is intended to help us attract and retain qualified executives through the offering of competitive employee benefits. We do not maintain any other pension or retirement plans for the NEOs.

We provide other traditional benefits and limited perquisites to our NEOs in order to achieve a competitive pay package as detailed in the Summary Compensation Table. The Compensation Committee believes that these benefits, which are detailed in the Summary Compensation Table under the heading “All Other Compensation”, are reasonable, competitive, appropriate, and consistent with our overall executive compensation program. Other than our company’s contributions to the 401(k) Plan, these benefits consist principally of employer-paid premiums on health insurance, personal automobile reimbursements, and mobile phone communications charges.

Compensation of Steven G. Mihaylo, Chief Executive Officer. Mr. Mihaylo is primarily responsible for investor relations activities and the general management of our NEOs. Mr. Mihaylo does not receive a base salary. Mr. Mihaylo does not participate in any non-equity incentive plans, but is eligible to receive stock option awards or other equity compensation. The Compensation Committee believes Mr. Mihaylo’s interests are directly aligned with the interests of our stockholders because of Mr. Mihaylo’s significant equity holdings in our company and his eligibility to participate in stock option awards or other equity compensation.

Compensation of Ronald Vincent, Chief Financial Officer. Mr. Vincent has general responsibility for our accounting, finance, and human resource functions. Mr. Vincent receives a base salary similar to the other NEOs. Mr. Vincent also receives retirement and other personal benefits similar to the other NEOs. Mr. Vincent receives stock options or other equity compensation similar to Messrs. Bhagavatula, Gaylor and Korn.

Compensation of Doug Gaylor, President and Chief Operating Officer. Mr. Gaylor has general responsibility for our operations. Mr. Gaylor receives a base salary similar to the other NEOs. Mr. Gaylor also receives retirement and other personal benefits similar to the other NEOs. Mr. Gaylor receives stock options or other equity compensation similar to Messrs. Bhagavatula, Korn and Vincent.

Compensation of Satish Bhagavatula, Chief Technology Officer. Mr. Bhagavatula has general responsibility for our technology and product development. Mr. Bhagavatula receives a base salary similar to the other NEOs. Mr. Bhagavatula also receives retirement and other personal benefits similar to the other NEOs. Mr. Bhagavatula receives stock options or other equity compensation similar to Messrs. Gaylor, Korn and Vincent.

Compensation of Jeffrey G. Korn, Chief Legal Officer. Mr. Korn has general responsibility for our regulatory and legal compliance. Mr. Korn receives a base salary similar to the other NEOs. Mr. Korn also receives retirement and other personal benefits similar to the other NEOs. Mr. Korn receives stock options or other equity compensation similar to Messrs. Bhagavatula, Gaylor and Vincent.

Deductibility of Executive Compensation. Section 162(m) of the Code imposes a \$1 million annual limit on the amount that a public company may deduct for compensation paid to its chief executive officer during a tax year or to any of its three other most highly compensated executive officers who are still employed at the end of the tax year. The limit does not apply to compensation that meets the requirements of Code Section 162(m) for “qualified performance-based” compensation (i.e., compensation paid only if the executive meets pre-established, objective goals based upon performance criteria approved by the stockholders).

The Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code. In certain situations, the Compensation Committee may approve compensation that will not meet the requirements of Code Section 162(m) in order to ensure competitive levels of total compensation for our executive officers. We do not have a stockholder approved non-equity incentive compensation plan. As a result, all bonus amounts paid to the NEOs do not constitute qualified performance-based compensation for purposes of Code Section 162(m). For the year ended December 31, 2013, the compensation paid to the NEOs did not exceed the limitations imposed by Code Section 162(m).

Summary Compensation Table

The table below summarizes the total compensation paid or earned by each of our NEOs for the year ended December 31, 2013 (marked as “2013” in the year column), and for the year ended December 31, 2012 (marked as “2012” in the year column).

Potential Payments upon Termination or Change-in-Control

Acceleration of Vesting of Options and Other Stock Awards upon Change in Control. All outstanding stock options awarded to the NEOs become fully vested upon a “change in control,” without regard to whether the NEO terminates employment in connection with or following the change in control.

If a change in control results in acceleration of vesting of an NEO’s otherwise unvested stock options and other stock awards, and if the value of such acceleration exceeds 2.99 times the NEO’s average W-2 compensation from employment with the company for the five taxable years preceding the year of the change in control (the “Base Period Amount”), the acceleration would result in an excess parachute payment under Code Section 280G equal to the value of such acceleration which is in excess of the NEO’s average W-2 compensation from employment with the company for the five taxable years preceding the year of the change in control. An NEO would be subject to a 20% excise tax under Code Section 4999 on any such excess parachute payment and we would be unable to deduct the excess parachute payment.

AUDIT COMMITTEE REPORT

In accordance with the Audit Committee Charter adopted by our Board on March 23, 2004 and amended and restated on August 9, 2006, the Audit Committee is responsible for reviewing and discussing our audited financial statements with management, discussing information with our independent registered public accounting firm relating to such firm’s judgments about the quality of our accounting policies and practices, recommending to our Board that the audited financials be included in our Annual Report on Form 10-K and overseeing compliance with the Securities and Exchange Commission requirements for disclosure of such firm’s services and activities. Currently the Audit Committee is comprised of Goergen, Kamm and Williams. Our Board has determined that each of these persons is independent. The Audit Committee Charter is in compliance with all regulatory requirements, and is published on our website.

Our management has the primary responsibility for our financial statements as well as our financial reporting process, policies and internal controls. Our independent registered public accounting firm is responsible for performing an audit of our financial statements and expressing an opinion as to the fair presentation of such financial statements in accordance with U.S. generally accepted accounting principles. Our Audit Committee is responsible for, among other things, reviewing the results of the audit engagement with our independent registered public accounting firm; reviewing the adequacy, scope and results of the internal accounting controls and procedures; reviewing the degree of independence of our independent registered public accounting firm; reviewing the fees of such firm; and recommending the engagement of our independent registered public accounting firm to the full Board.

In this context, the Audit Committee reviewed and discussed our audited financial statements as of and for the year ended December 31, 2013 with management and our independent registered public accounting firm. The Audit Committee discussed with our independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended. In addition, the Audit Committee received written confirmation, in accordance with standards of the Public Company Accounting Oversight Board, and discussed with our independent registered public accounting firm their independence from our company. The Audit Committee has also considered whether such firm's provision of non-audit services to us is compatible with maintaining such firm's independence.

The members of the Audit Committee are not engaged in the accounting or auditing profession. In the performance of their oversight function, the members of the Audit Committee necessarily relied upon the information, opinions, reports and statements presented to them by our management of and by our independent registered public accounting firm. As a result, the Audit Committee's oversight and the review and discussions referred to above do not assure that management has maintained adequate financial reporting processes, policies and internal controls, that our financial statements are accurate, that the audit of such financial statements has been conducted in accordance with the standards of the Public Company Accounting Oversight Board or that our independent registered public accounting firm meets the standards for auditor independence.

Based on the review and discussions above, the Audit Committee recommended that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2013.
