

Antitrust

From merger clearances to price-fixing allegations, Kelley Drye's Antitrust team helps our clients close important deals, comply with complex rules, and resolve investigations and disputes.

About

For both market leaders and up-and-comers, antitrust and competition issues can create major obstacles for your company's continued growth and success. Kelley Drye offers a full range of regulatory compliance advice, litigation strength, and transactions experience to keep your business moving forward.

Nationally ranked among the top antitrust law firms

– U.S. News Best Law Firms

Our team includes former DOJ and FTC officials and leverages our Washington-based consulting arm, Georgetown Economic Services, to supplement our legal advice and litigation strategies with economic analysis, market assessments, and consulting.

Compliance Counseling Tailored to Your Needs

From quick answers in urgent consultations to full-scale compliance programs that both anticipate problems and offer strategic solutions, Kelley Drye's antitrust attorneys guide companies, trade groups, and individuals on complex antitrust and competition law.

We offer antitrust counseling and compliance advice in the following areas:
