April 21, 2016

Partner [Christie Thompson](#) was featured in the Associated Press video “Analysis: VW Problems 'Far From Over'.” Volkswagen recently struck an agreement with a federal judge over thousands of vehicles rigged to cheat on emissions, but Christie notes that the company's legal problems are far from over, as a criminal investigation is still pending. She describes the case, the agreement, and notes that “Volkswagen is conducting its own investigation to try to figure out exactly who knew what...and we'll have to see how that unfolds. I don't see the criminal side of that going away any time soon.”
