

# Build America, Buy America: Understanding the Expansive Domestic Procurement Provisions Included in the Infrastructure Investment and Jobs Act

Kelley Drye Webinar

Firm Event

December 8, 2021 from 1:00 pm to 2:00 pm (EST)

Washington, DC

The historic Infrastructure Investment and Jobs Act (IIJA), now signed into law, includes sweeping policy provisions designed to improve governmental sourcing from U.S. manufacturing sectors. In this one hour webinar, Government Relations partner [Dustin Painter](#) will explain the new statutory directives, which will impose new domestic origin requirements and standards for construction materials and products acquired for federally-aided public works infrastructure projects at the state and local levels, and impose new domestic component content standards for goods and construction materials acquired by the Federal Government. Any supplier to public works projects and to the Federal government will want attend this webinar to gain an understanding of these provisions.
