

Campaign Law Compliance for Corporations

February 11, 2021

In this session, our political law attorneys will review the rules that govern engaging in campaign giving and fundraising as a corporation or corporate executive. We will cover the most important "do's and don'ts;" campaign contribution and fundraising activity at the individual and corporate level; establishing and operating a corporate political action committee (PAC); independent activity under Citizens United; and regulations concerning "get out the vote" and other internal corporate communications. The program can be tailored to include rules specifically applicable to government contractors and others who do business with governmental entities.
