

Compliance Week Quotes Partner Dana B. Rosenfeld on Data Privacy Regulation

March 1, 2011

Partner Dana B. Rosenfeld was quoted in the *Compliance Week* article, "Two Opening Moves on Data Privacy Regulation." The article discussed the two reports issued recently from the Federal Trade Commission and the Commerce Department, outlining their latest thoughts on consumer privacy, giving Corporate America a framework for acceptable practices around data collection and hints of where enforcement policy might go in the future.

"This is their view of what works and what doesn't," said Ms. Rosenfeld. The FTC report faults industry efforts to regulate itself, saying such an approach "has failed to provide adequate and meaningful protection."
