

Connect with Kelley Drye at next Presidio Forum on IoT Security in San Francisco on June 20

June 13, 2017

Kelley Drye is excited to support the next [Presidio Forum](#) on “Securing (and Regulating) the Internet of Things: Policy, Innovation & Investment,” in San Francisco on June 20, 2017. The forum will present a candid discussion exploring today’s expanding IoT threat landscape, continued rise of regulatory interests and the increasing venture capital investment for IoT Security entrepreneurship. [John Heitmann](#), chair of the Communications Group, and associate [Jameson Dempsey](#) will both be speaking. Other speakers include Marc Rogers, Head of Information Security & IT for Cloudflare, Dmitry Dain, Co-Founder Virgil Security, and Nils Puhmann, Co-Founder of Cloud Security Alliance. To register click [here](#). The event is free to attend. Please contact John or Jameson if you have any questions about the event.
