

# Corporate Counsel Quotes Partner Gonzalo Mon on Retail Class Action Lawsuits

May 1, 2016

Partner [Gonzalo Mon](#) was featured in the *Corporate Counsel* article “Not as Good a Deal as it Looks.” The article notes that J. Crew Group Inc., Coach Inc., Burberry Group Inc., Tommy Hilfiger, Calvin Klein, Carter’s Inc. and OshKosh are among the latest to find themselves named as defendants in separate deceptive pricing class action lawsuits filed this year. They join a list of at least 30 retailers, including Macy’s Inc., Gap Inc. and Kate Spade, among others, that have faced similar class actions. Mr. Mon discussed some of the cases, and noted that there may be a good argument that consumers are not injured by the challenged practices.
