

Diving into Digital Assets: Managing Risk, Compliance and Consumer Protection

Smarter Faster Payments 2026

Speaking Engagement

April 27, 2026 from 11:25 am to 12:15 pm (EDT)

Partners [Matt Luzadder](#), [Jeffrey Hunter](#), and [Tom Rybarczyk](#) will speak on the panel, “Diving into Digital Assets: Managing Risk, Compliance and Consumer Protection” at the [Smarter Faster Payments 2026](#) conference, organized by Nacha.

Speakers will explore the recent developments in stablecoins, decentralized finance (DeFi), and other digital assets in the payments ecosystem, particularly in light of the GENIUS Act and potential new regulations. They will discuss key compliance considerations, including AML, CFT, and OFAC requirements, and offer practical guidance on mitigating risk while protecting consumers. The session will also examine the role of DAOs and exchanges in supporting compliance and preventing illicit activity.

The session will provide valuable insights into the evolving regulatory landscape and its implications for financial institutions and payment industry participants.
