Fordham Law's Feerick Center for Social Justice honored Kelley Drye and partners [Michael Lynch](#) and John Callagy (posthumously) with its prestigious Spirit of Service award. The honorees were recognized at the organization's annual awards and benefit reception for their commitment to public service, social justice, and extraordinary impact on Fordham Law and the legal profession.

Named for former Fordham Law School Dean John D. Feerick, the Feerick Center promotes the rights of marginalized New Yorkers and individuals seeking humanitarian relief, while also providing Fordham Law students an opportunity to work on legal issues critical to the poor and underrepresented.
