

Green Electronics Daily Quotes Partner Henry T. Kelly on Illinois Smart Grid Progress

October 4, 2010

In an article, "Illinois Collaborative Issues Smart Grid Report; Telecom Seeks Infrastructure Role," *Green Electronics Daily* quoted partner Henry T. Kelly. He discussed the still unresolved ownership issues of the communications network in smart grid infrastructures. Mr. Kelly also explained the competing interests of the telecom and utility industries. Mr. Kelly participated with the Illinois Collaborative that recently submitted a report to the state Commerce Commission with recommendations of how smart grid technology should be implemented.
