

# How State Attorneys General Are Asserting in 2025

Speaking Engagement

March 25, 2025 at 3:00 pm (EDT)

Partner and State Attorneys General practice chair [Paul Singer](#) will present the webinar "How State Attorneys General Are Asserting in 2025" with MultiState on Tuesday, March 25, 2025.

For many states, March marks the halfway point for legislative session and aptly coincides with the excitement and chaos of March Madness. In 2025, March seems to have a little more madness with a new presidential administration and state attorneys general around the country asserting their prerogative in policy debates at both the state and federal levels. MultiState Vice President Maggie Mick will join Paul for a conversation to share insights on trends and provide a better understanding of the state of play with attorneys general.
