

Kelley Drye Obtains Dismissal of Non-Solicitation Suit

March 26, 2007

Kelley Drye successfully represented four employees of client Total Convergence Solutions, d/b/a BlueWater Communications Group ("BlueWater") in a lawsuit by Dimension Data North America ("DDNA"), a global computer networking company. The four employees of BlueWater had left DDNA to join BlueWater. The claims alleged in the complaint included breach of nonsolicitation agreements, breach of fiduciary duty, civil conspiracy and tortious interference with contract. After Kelley Drye prevailed in two important discovery motions, DDNA agreed to dismiss the entire action with prejudice and no payments to DDNA.
