

# Kelley Drye Partner Discusses the Creation of Business Courts in New Jersey

October 17, 2005

An issue of the *New Jersey Lawyer* quoted Partner Robert Haig regarding the establishment of business courts in New Jersey, citing his presentation to business and bar leaders at a “lobbying summit” for legislative approval of these courts. Bob is the Co-Chair of the Commercial Courts Task Force appointed by New York’s Chief Judge to create and refine the Commercial Division of the New York State Supreme Court. Last year, *The National Law Journal* described Bob as “an advisor to 12 states and six countries when they considered establishing business courts.”
