

Kelley Drye Recognized for Outstanding Client Service

December 8, 2015

Kelley Drye is included in the 2016 BTI Client Service A-Team report, an honor designated for a select group of law firms that deliver outstanding client service. Clients recognize the firm as a leader in client service based on in-depth interviews with corporate counsel, including more than 315 legal decision makers at *Fortune* 1000 companies and other world leading organizations.

This honor follows recognition in The BTI Brand Elite 2015, an independent study that ranks law firms with the best brand awareness among General Counsels and legal decision makers.
