June 9, 2014

Partners [David E. Frulla](#) and [Paul C. Rosenthal](#) were mentioned in the *Law360* article “FHWA Hastily Lifted Protection In Buy America Act, Union Says.” The article discusses how a labor union and a group of metal companies recently asked a DC federal judge to rule that the U.S. Federal Highway Administration illegally rushed the rulemaking process in a December 2012 change to the Buy America Act that lifted a restriction on iron and steel providers for federally funded road projects. Mr. Frulla and Mr. Rosenthal are noted as counsel for the union and metal companies.
