

Manganese OHES Showcase Symposium

Speaking Engagement

October 14 - 15, 2015

Washington, DC

Ottawa, Canada

[Joseph Green](#) was a panelist for the Manganese Showcase Symposium 2015 in Ottawa, Canada on October 14-15. He spoke about the regulatory implications of "Recent Advances in Health and Environmental Research on Manganese." Mr. Green was invited to attend by the International Manganese Institute due to his expertise in metals regulatory matters and his work founding and managing the Manganese Interest Group in North America.
