About

Noah T. Joseph is an associate in the firm's New York office. His practice focuses on environmental law.

Before joining Kelley Drye, Noah was a legal intern for the Esperanza Immigrant Rights Project.

Experience

Environmental Litigation

Served as trial counsel for the State of New Jersey in prosecuting New Jersey's case against DuPont for knowingly discharging PFAS and other contamination from DuPont's Chambers Works site into the waters and environment of New Jersey for decades. Following a month of trial in federal court in Camden, DuPont and related companies agreed to a record setting settlement with New Jersey valued at \$2 billion in remediation, restoration, costs, and damages. On the eve of this trial, 3M settled-out for up to \$450 million more in PFAS damages to New Jersey. At \$2 billion, DuPont's settlement with New Jersey is the largest environmental recovery for a single plaintiff – and is one of the largest legal recoveries of any kind – in the history of the country.
