

Practical Children's Privacy: Taking a Closer Look at COPPA and KOSPA

Speaking Engagement

October 29, 2024 from 1:00 pm to 3:10 pm (EDT)
Washington, DC

[Go to Event Page](#)

Special Counsel [Alex Schneider](#) will speak on myLawCLE's webinar on "Practical Children's Privacy: Taking a Closer Look at COPPA and KOSPA." This webinar will explore the complex and evolving issues surrounding child privacy laws, focusing on advanced compliance strategies for the Children's Online Privacy Protection Act (COPPA) and anticipating how to address compliance with pending legislation, the Kids Online Safety and Privacy Act of 2024 (KOSPA). Attendees will examine challenges such as assessing the applicability of these laws to online operators, operationalizing privacy in innovative use cases involving AI and ad tech, understanding how companies can implement parental consent mechanisms, and managing a compliance program through data mapping, vendor management, age screening, privacy notices, data minimization, data retention limitations, and privacy-by-design.
