

Public Entities and the Focus on Energy Savings and Sources

P3C Public-Private Partnership Conference & Expo 2015

Speaking Engagement

February 24, 2015

Washington, DC

Dallas, TX

Partner [David T. Hickey](#) spoke on the “Public Entities and the Focus on Energy Savings and Sources” panel during the 2015 P3C Public-Private Partnership Conference & Expo. The panel, moderated discussed how public entities are exploring solutions to their energy challenges. The panel leveraged notable cases, including a discussion of the Army’s groundbreaking P3 project to ensure that 25% of its energy comes from renewable sources by 2025 and the State of Virginia’s innovative approach to managing their energy costs.
