

Trump 2.0 Insights and Analysis

Policy changes introduced during Trump's second administration are expected to have lasting legal and economic impacts across industries.

About

Kelley Drye is closely monitoring and advising clients on the policy priorities and executive actions taken by the Trump Administration and the 119th Congress. Leveraging decades of experience on Capitol Hill and in prior administrations, our attorneys and government relations advisors are helping organizations navigate the complexities of this evolving political landscape.

We invite you to read our thought leadership and attend our events, which are designed to help businesses understand the practical impacts of issues emerging from the second Trump Administration.
