

Using Industry Associations to Enhance Export Compliance – the Fluid Handling Equipment Industry's Experience

Trade Executives Roundtable

Speaking Engagement

March 8, 2012

Washington, DC

Houston, TX

On March 8, 2012, partner Eric McClafferty spoke at the Trade Executives Roundtable in Houston, TX. Mr. McClafferty presented the session, “Using Industry Associations to Enhance Export Compliance – the Fluid Handling Equipment Industry's Experience.” The Trade Executives Roundtable offered a platform for trade compliance decision makers to discuss practical strategies for building and maintaining compliance programs, addressing economic sanctions and proactively managing customs and export controls.
